ERIKA and AVA: two blondes who brought reader to the brink

BLONDE BOMBSHELLS

DEAR GENT:

I have a thing for big-breasted blonde women, and the ones you featured in the Aug. '96 issue were outstanding. I'm speaking of Erika and Ava, Brandi and delectable Debra Dare. Even the blondes in "The Mermaid Lounge" piece were hot. Please, more blondes! Thanks for a great mag, GENT.—Lawrence B., Illinois

Dear Lawrence: Is it safe for us to assume you liked the Oct. '96 cover (SaRenna Lee), to say nothing of this month's covergirl, Tracl ToppS. We also plan on doing a little tribute to our favorite blondes in the near future, so keep your eyes peeled.

A POWERFUL PUSSY

DEAR GENT:

Your new all-natural discovery Collette in the Aug. '96 issue really turned me on. She has such a sweet smile and large, bulbous tits. But what really bowled me over was her pussy—it's the meatiest, juiciest, tastiest-looking tribute to womanhood I've ever seen. Please show more of Collette and her pulsating pussy. —Craig, Kansas

COLLETTE: sweet, juicy and tasty

Dear Craig: Good news—Collette will be posing for us again, so you can expect her next layout to be appearing real soon.

BRANDI'S BODACIOUS BOOBS

DEAR GENT:

Brandi (Aug. '96) has got to be your best new discovery of all time. Her knockers are so big, her bra can barely handle them. And when she takes her bra off, those mouthwatering flesh melons spill out everywhere. But for someone whose mams are so monstrous, Brandi's nipples and areolae are surprisingly tiny. Nonetheless, this blonde-haired, barefoot beauty has got me off many times in the last month...and I'm sure she'll get me off many more times in the future.—Lance,

Dear Lance: Indeed, Brandi's areolae are somewhat smaller than you'd expect on tits that big, but in several of her photos, her nipples appear fully erect...just like our cocks were when we were looking at said photos.

BRANDI: with tits this huge, who needs big areolae or nipples?

A COVER LOVER

DEAR GENT:

The photo on the cover of the August GENT was totally hot! Betty Boobs has a look on her face like she just wants to be fucked. Her layout and interview are just as arousing and when I saw that she has a little tattoo next to her pussy, I shot a huge load of spunk all over the page. Just like you said on the cover, Betty Boobs is RED HOT!—Glen, California

Dear Glen: When we were choosing Betty's cover shot, we had the same reaction to her expression that you did.

Like the cover blurb said, GENT's Aug. '96 issue was RED HOT!

Dove fucking scenes like this one often lead to wet, "squirting" orgasms

SQUIRTERS

DEAR GENT:

In reading the Aug. '96 "Dove Fucking" article, I noticed a mention about women who squirt when they come. Can you tell me about any videos on the market that show woman squirting?
—D.W., California

Dear D.W.: There aren't many out there, but one we can recommend is "Toymaster's How To Achieve G-Spot Orgasms" by Homegrown Video. You can write Homegrown Video at 7721Convoy St., San Diego, CA 92111 or call them at 800-544-8144. Any readers who know of any other "squirting" videos should feel encouraged to tell us about them.

News From The Sex World

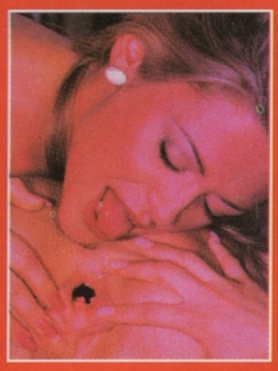
McCarthyism At Its Best

From the pages of *Playboy* to MTV and now back to Playboy—that's the road Jenny McCarthy has traveled. In the July '96 Playboy, we get to see *Singled Out* host Jenny in all her glorious pulchritude...and we learn that her fabulous body has been given the old saline assist, if you get our drift. Even though we weren't able to give Jenny's perky jugs our own "squeeze test," the improvement in her mams from her first layout in 1993 to today is pretty obvious. Jenny is quoted as saying, "I go to church on Sunday and say my prayers at night," but apparently she felt divine intervention wasn't as reliable as a good plastic surgeon. Doesn't matter to us, though. We still think her pumped up boobs look great and wish her the best of luck. And speaking of boobs in *Playboy*, you should also check out July '96 centerfold, Angel Lynn Boris. Her tits are kinda smallish but her distended nipples are a sight to behold.

The new and improved Jenny McCarthy shows it all in a recent Playboy.

Cheri's Spread Shots

In the Aug. '96 *Cheri*, their "Great American Sex Drive" pictorial features one model who's got so much cleavage between her coconuts that we wonder if they're even in the same zip code. And on an even more bizarre note, check out the pussy shot featured here. Is that the carnal equivalent of a "black hole" or is this model simply hollow?!

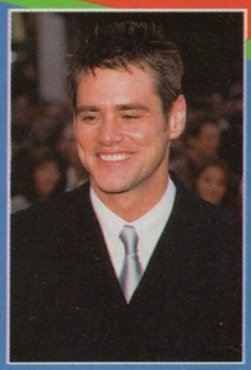


From a recent issue of Cheri, we're "treated" to mile-wide cleavage (above) and a pussy that only Carl Sagan could love.

While Playboy centerfold's Angel Lynn Boris' boobs might be small, her nipples will drive you wild!

We Like The Way He Thinks

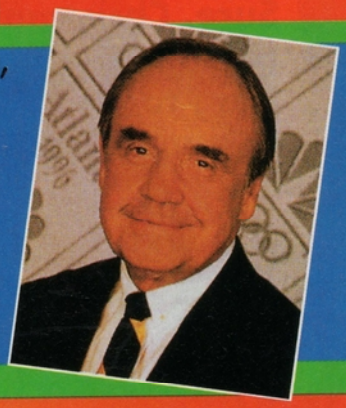
Asked what was the first thing he did after being given a $20 million deal to play *The Cable Guy*, funny man Jim Carrey immediately replied: "Masturbate!"



With $20 million in the bank from The Cable Guy, Jim Carrey knows how to celebrate.

'Game, Set...Streaker!'

According to David Letterman, upon seeing a shapely female streaker during the men's finals at Wimbledon, NBC commentator Dick Emberg (right) exclaimed: **"Hey, great set!"**



Remembering Garbo

In his memoir *How I Survived The Fifties*, Gore Vidal reminisces about his good friend Greta Garbo. He writes that even though Garbo's breasts hung very low, she once claimed, "I never wore a bra. I was the original women's liberation."

A Tit By Any Other Name...

Here are a few more euphemisms for the female breast:

- SWEET ROLLS
- HAND WARMERS
- MULLIGANS

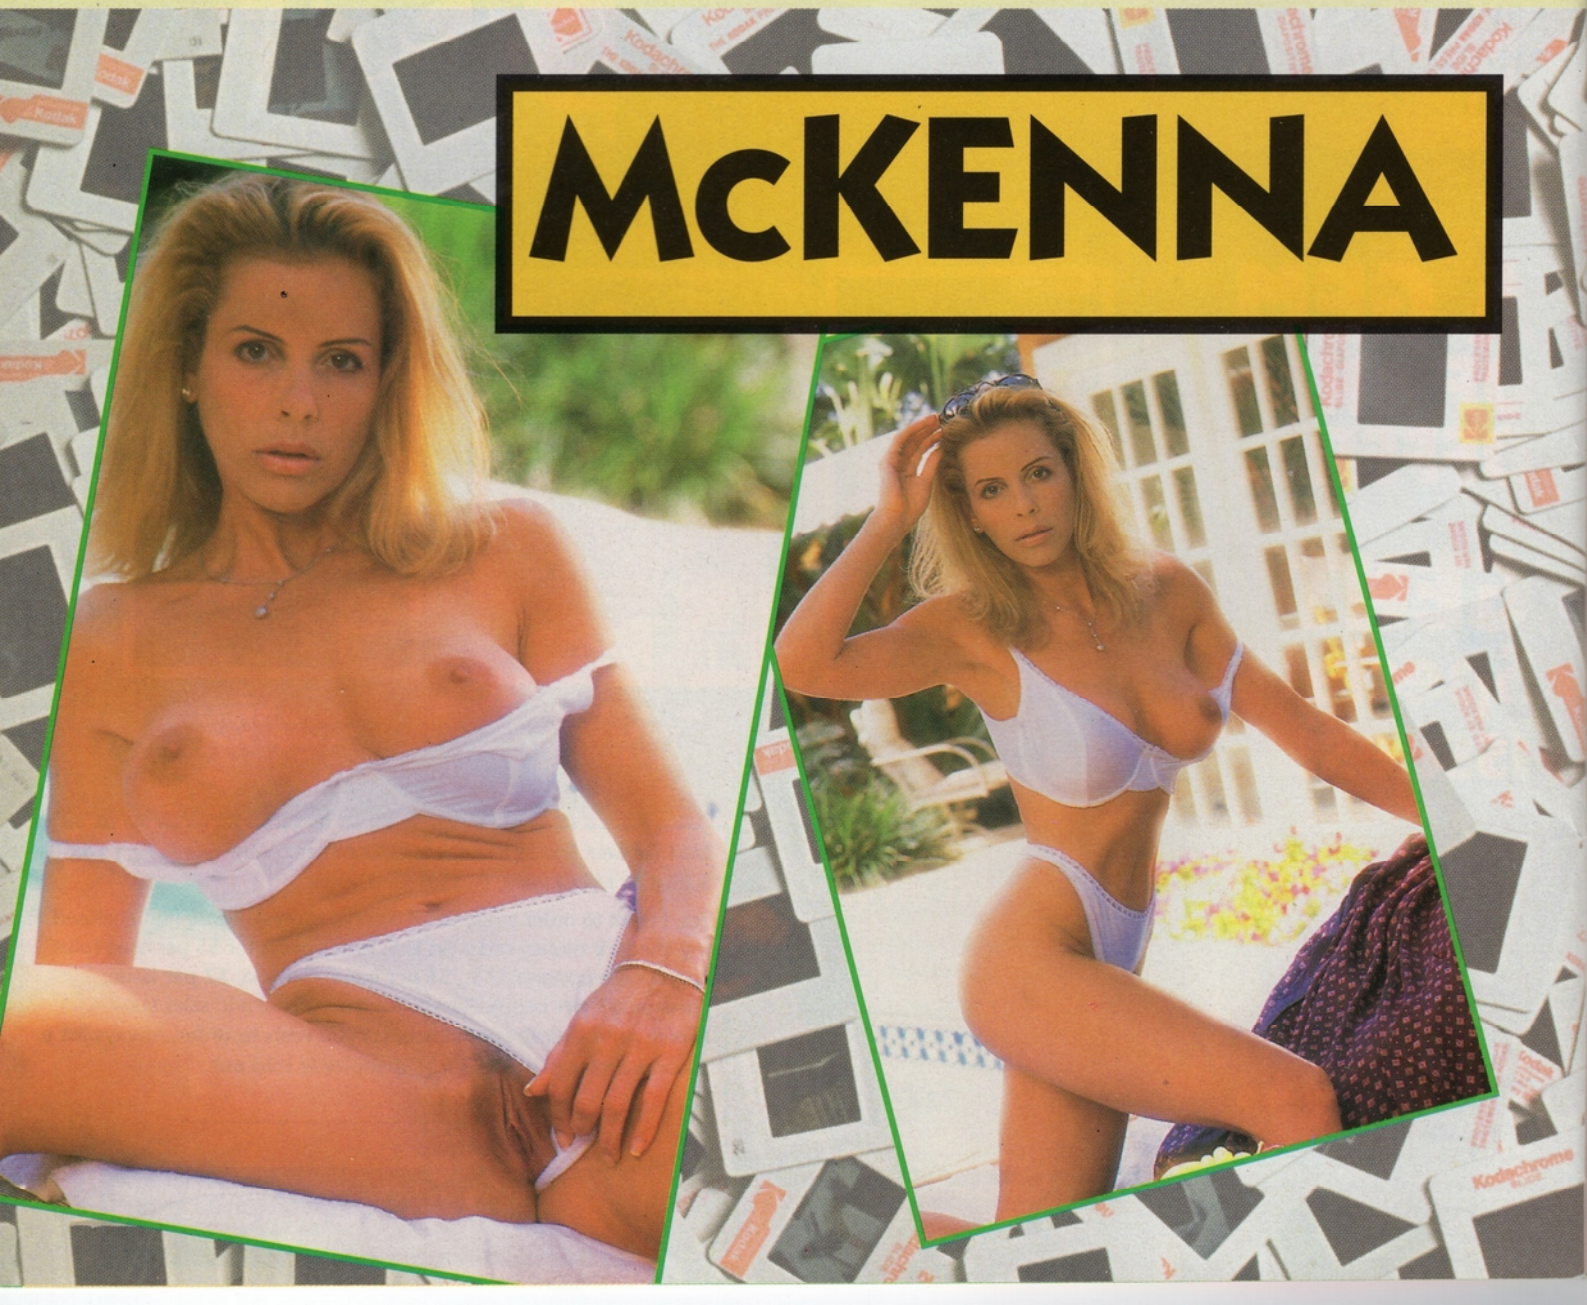
Sure, Christmas is right around the corner and the rest of the country is starting to feel the chill—but down here in sunny South Florida, we have bikini weather year-round. And taking advantage of it are a few lusty amateurs we discovered in our own backyard. If you'd like to share your backyard discoveries with us (and in the process earn up to $300 per model), send at least 10 nude snapshots and an S.A.S.E. to GENT/CY, 14411 Commerce Way, Ste. 420, Miami Lakes, FL 33016.

McKENNA



McKenna is a 5'7", 125-pound blonde beauty who lives in Palm Beach and says she'd like nothing better than to become a professional model. Until that day comes, though, she's content to show off her 34-24-34 figure at local bikini and wet T-shirt contests. And what kind of results have you been getting at these contests, McKenna? "Let's just say I'm undefeated." We hear that!

To keep her luscious figure fully bronzed, McKenna sunbathes in the nude every chance she gets. "There are a few 'unofficial' nude beaches down here where they kind of look the other way if you tan in the nude, but I haven't been to any of them yet." McKenna, if and when you ever hit one of Florida's "unofficial" nude beaches, we guarantee that nobody will be looking the other way.

CARA MIA

Born in Italy, Cara Mia recently moved to Fort Lauderdale and loves the climate. Since there are only two seasons in South Florida—hot and really hot—Cara Mia left most of her winter clothes back in her homeland. She mostly wears skimpy shorts and midriff-baring T-shirts—when she's wearing anything at all. As you can see from these photos, she likes to relax at home by treating her 5'6", 116-pound, 36-22-35 body to an arousing hose-down. Welcome to the U.S., Cara Mia—we're thrilled you're here!

TABATHA

While our first two "C.Y." ladies sampled the outdoors, 5'5", 115-pound, 36-24-36 Tabatha gets intimate with us in her living room—her favorite place because it's been the site of her most exciting sexual encounters. And what's made them so exciting? "Well, I get off on fucking in front of the TV while a porn video is playing on the VCR. I've even made a few shlocky videos of myself screwing and played them during new fuck sessions. I guess having the action on TV makes me feel like I'm at an orgy." We'd watch Tabatha's home movies over and over again. Anytime you want to invite us over, Tabatha, feel free.

CANDY

We haven't seen Candy Apples in a couple of years (her last GENT appearance was April '94), but as you can see, time has certainly been her friend. Standing 5'5", weighing 113 perfectly proportioned pounds and measuring a delectable 45-25-35, Candy looks as sweet and appetizing as ever. And apparently we're not the only ones who think so—Candy won the title of Miss Nude Blonde '95 and before that copped the coveted "Best Chest In The West" award. Awards are nice, but they don't keep you warm at night. For that, Candy prefers strong, silent men, preferably with large hands. We can only imagine what she'd want done to her with those hands, but we'd like to think it would involve her

APPLES

lusciously round flesh melons. Maybe she'd want them squeezed and caressed before having a little oral attention sent their way.

And once the mammary ministrations got her going, how long before she'd be begging for her pussy to be serviced? We're guessing not long at all. She'd probably want her clit teased by those large hands, but that wouldn't be a problem. What might be a problem, though, is holding back from shooting off too quickly once your stiff cock is thumping inside her dripping cooze. But don't fret, guys, because even if you come after only a few spine-tingling strokes, Candy still needs someone to keep her warm for the rest of the night.

WITH A FACE AND FIGURE AS SWEET AS HER NAME, CANDY APPLES LOOKS GOOD ENOUGH TO EAT. TO ENJOY CANDY IN THE PRIVACY OF YOUR OWN HOME, CHECK OUT HER SULTRY MASTURBATION VIDEO AVAILABLE ONLY THROUGH GENT. SEE THE LAST PAGE OF THIS ISSUE FOR ALL THE DETAILS ABOUT ORDERING.

STORY BY JIM WILSON

While working on a ship, this waiter goes overboard with his favorite new GENT model—Debra Dare.

I admit, my job isn't the most exciting job in the world. Still, working on a Caribbean cruise ship during the winter pays my way through college. Despite the image of "The Love Boat," being a waiter on a cruise ship is a lot of work. Every now and then, though, I get lucky and that makes the job worthwhile.

When I saw Debra Dare in the August '96 issue of GENT, I was immediately struck by the intensity of her sexuality. Oh, sure, she's beautiful but GENT features many beautiful women. And was she ever built! But again, GENT features lots of stacked babes. No, Debra Dare has something extra...and then I figured out what it was!

Some women work at being sexy; others try to be sexy with their clothes or their expressions or the way they walk. But Debra Dare has an indefinable quality that lets her effortlessly exude sexual power. It's something from within. Just like Marilyn Monroe, Debra Dare couldn't help being sexy even if she tried. She could dress like a janitor and not wear any makeup, and she'd still be the sexiest woman around.

Anyway, that's what I thought when I first saw her in GENT.

How was I to know then that only a couple of months later I would have the sublime pleasure of serving Miss Dare? Yes, that's right: serving her. Maybe not quite sexually, but damn close, and the experience more than fulfilled my every fantasy.

I was working a week-long cruise out of Miami, and I'll be damned it that wasn't her on the deck. I looked again at the magazine, then at the luscious honey blonde relaxing in the deck chair. Yes, it was her all right. She had the same full, moist luscious lips and the generous mouth that was made for love. And there was that cute little mole on her cheek just above the corner of her mouth.

On the chaise lounge, in the hot Caribbean sun, Debra stretched out her legs. Lifting her face to the sun, the gorgeous honey blonde arched her back, as if offering those magnificent mounds for viewing. As I watched her from the employee's room, my cock throbbed.

"She drizzled more oil into her hands and massaged her neck and down her front, smearing it on her lovely breasts as she kneaded and caressed them. Her nipples seemed to stiffen and my cock was aching with lust."

I took Debra her drink, a frosty strawberry daiquiri. She was wearing the tiniest of bikinis. A small triangle was all that protected her puffy pussy mound. She must have trimmed her thatch, for her secret skin looked as smooth as satin. I thought I could detect a lovely pussy lip, and it made me want to lean over and flick my tongue along her velvety slit.

Her bikini top did little more than cover her areolae. The enormous globes of her tits swayed slightly as she moved about, settling herself into the deck chair. I set the drink beside her on a small table. Taking a copy of GENT from under my arm, I asked, "Miss Dare, may I have your autograph?"

There was a honey-colored tinge to her laughter. It was warm and sensuous. "Sure," she said, smiling, and in large, bold handwriting, she wrote her name.

It was early morning, and the deck was deserted, so I had the view of Debra to myself from the employee's room.

I think she saw that I was admiring her from afar, for with a saucy smile she held the bottle of tanning oil high and to the light. She squirted a healthy amount of the oil into her palm. The oil flowed like a pearly thread, as if it were a stream of cum. Slowly and sensually, Debra began rubbing the oil into her arms.

She squirted some more oil in her palm and went to work on her luscious legs. Gazing at me with a hint of naughtiness in her eyes, she massaged the oil on her shapely stems—on her calves, then her knees and finally on her tantalizing thighs.

Her eyes went half-lidded as she caressed her sensitive inner thighs. Her fingertips grazed the V of her mound. I was squeezing my cock in my pants as I watched her self-pleasuring. I wasn't quite sure, but I thought I could detect a hint of moisture at her crack.

She drizzled more oil into her hands and massaged her neck and down her front, smearing it on her lovely breasts as she kneaded and caressed them. Her nipples seemed to stiffen.

My cock was aching with lust.

Debra rolled onto her tummy. I was out there in a heartbeat, offering to oil her back for her.

"I rubbed oil on her back, spending long and lusty minutes making sure her melons were well protected. As I continued this erotically charged massage, I lost control of my cock and began to orgasm inside my shorts."

She grinned, said, "Sure," and handed me the bottle.

Where to start? I wondered, gazing at all that glorious feminine flesh. I rubbed oil on her back, spending long and lusty minutes making sure the sides of her melons were well protected. Her flesh was all that I had imagined. I spent a lot of time massaging oil into the firm mounds of her ass too. My cock throbbed. As I continued this erotically charged massage, I lost control of my cock and without even touching it, I began to orgasm inside my shorts.

Finally, with her head in her arms and her hair spilling down like a waterfall, she whispered, "Enough," and regretfully I had to stop massaging her wondrous body with oil.

Some other customers were calling for my attention, so I had to hustle to take care of them. When I returned, Debra's chair was empty.

The guys on the ship didn't believe I actually got to rub oil onto Debra Dare's magnificent body. However, I have two things to show for it: an autographed copy of GENT and some cum-stained shorts. I still have both keepsakes. G

ASK DR. D-CUP

This month our sex expert weighs in with her opinions on body size and blue-veined knockers.

What's the top news story of the year? Is it Bosnia, the trade deficit, the presidential campaign? No way—it's the apparent weight gain by several GENT models, including Dakota Kelly.

I'm teasing, of course, but the furor caused by Dakota's pics in the May '96 issue of GENT was really pretty astonishing. All over the country, it seemed, the issue was being debated. Was Dakota actually gaining weight or was she just temporarily bloated because she was on her period? Did she intend to gain even more weight, or was she gonna slim down again? Stay tuned for further developments!

Personally, I think it's fascinating to watch an erotic performer gain weight and keep on fuckin'. (Excuse me—I meant to say *truckin'*!) Take the case of porn legend Trinity Loren. One of the most-fucked ladies on the planet, Trinity was once the epitome of the "slim and stacked" bombshell—a voluptuous, tawny-haired knockout with solid knockers and an over-the-top sex drive.

Then a few years ago, Trinity surprised everyone by chubbing up and appearing in a film called *Fat Ends* with 400-pound Layla LaShell. Since that time, Trinity has continued down the heavy highway, adding a good four inches to her hips, waist and bustline. Thankfully, she hasn't let her pudgier body inhibit her performances; if anything, she's gotten even raunchier as her weight increased.

Then there's stripper Berri Delicious. Just a couple of years ago, Berri weighed only about 125 pounds; but she's since chunked up and is now a squeezable, broad-beamed chubette. And how about Melanie Anton? Granted, Melanie was never skinny, but when she first appeared in GENT, she was in the pudgy-cute category. And now? Well, even though she's still cute, she's livin' large, if you know what I mean.

Of course, some women follow the reverse course—they begin their careers kind of hefty, and then slim down. Fawn Miller is a good example. Fawn showed up in GENT several years ago as a big-knockered chubster, and then quickly signed on to break her porn cherry in *Hardcore Plumpers*. Maybe the experience of being cast in such a film hurt Fawn's vanity, but before long she lost her baby fat and turned into a svelte, curvaceous beauty.

Nikki King has made the same heavy-to-slim journey, but even more dramatically than Fawn. When she began modeling back in 1984, Nikki was double-chinned and genuinely tubby, with a couple of belly rolls and pendulous hangers. It took her awhile, but diet and exercise and plenty of hard fucking eventually transformed Nikki into a skinny sex bomb. She's still got those hangers, though—not to mention a clitty as big as a jumbo olive!

I've been kidding around with this issue, but actually I think it's great that women of all shapes and sizes can find a home in porn. Say what you will about the adult entertainment business, but it's nothing if not tolerant. Doesn't matter if a woman is huge or skinny as a rail. Doesn't matter if she's got titties as big as watermelons or as tiny as gumdrops. As long as she's willing to get bare-assed naked and sex it up,

"SAY WHAT YOU WILL ABOUT THE ADULT ENTERTAINMENT BUSINESS. DOESN'T MATTER IF A WOMAN IS HUGE OR SKINNY AS A RAIL...IF SHE'S GOT TITTIES AS BIG AS WATERMELONS OR AS TINY AS GUMDROPS. AS LONG AS SHE'S WILLING TO GET BARE-ASSED NAKED AND SEX IT UP, SHE CAN FIND HER NICHE."

she can find her niche in the porn world. And now, it's time for your letters...

DEAR DR. D-CUP: *I like my lover's tits to really flop and sway when we fuck, but she doesn't like her knockers flying around. She always holds onto her tits when I start humping, and when I complain about it and tell her to let them swing, she gets pissed off. She says that if she lets her tits fly around, then her nipples get sore. That sounds like total B.S. to me. I think she's just afraid she'll get stretch marks if she lets her tits fly around. Am I right?—Buck, Alabama*

DEAR BUCK: My sympathies to your girlfriend. I think she ought to flop your ass right out the door for being so insensitive. She's apparently told you repeatedly that if her breasts bounce out of control, it makes her nipples sore. Is that B.S.? No, it isn't—it happens quite frequently with some women, as a matter of fact. When you're having intercourse, either leave her alone when she grabs her tits, or hold onto them yourself. In other words: stop being such a selfish jerk!

DEAR DR. D-CUP: *I'd rather fuck jugs than pussy any day of the week, but I've never found a woman who's on the same wavelength as me. For my money, pussy is overrated. At least with jugs, you can see what you're fucking. Why don't more women like to have their jugs fucked? What's the big deal about pussy?*
—Jug-Fucker, Florida

DEAR JUG-FUCKER: You've never found a woman on the same wavelength as you? Gee, I wonder why. I mean, you sound so suave and sophisticated. And what woman wouldn't be thrilled to hear that her pussy is overrated? Yeah, it's really surprising that you haven't found a woman who shares your point of view!

Listen, Mr. Jug-Fucker—it isn't that women don't like to have their boobs fucked. Trust me, we do! But it's not the main event for many of us because our clits are down below, and our vaginas are specifically designed to be plugged up by hard-ons during intercourse. We like to have our boobs fucked, but we love to get laid. Fuck my pussy and I'll have an orgasm—or maybe even several; fuck my boobs and while I'll enjoy it, I'm probably not gonna come.

Is it possible, Mr. Jug-Fucker, that you might be afraid to screw a woman's vagina? Like maybe you think your cock won't be able to satisfy a woman? I can't say for sure if that's your hang-up, but if you're a straight man and you don't like inserting your penis into a tight, wet vagina, then you've definitely got a problem.

DEAR DR. D-CUP: *My favorite type of tits are what I call "blue veiners." They're the kind in which you can see a pattern of blue veins showing through the skin. To me, this makes the tits look more ripe, like melons that are just bursting on the vine. Also, they're cool because they almost appear as if they're being X-rayed. You get the feeling that you can see right into the woman's tit. Amber Rose has a nice pair of blue veiners. So does Melody Foxxe, even though her tan makes it harder to see the veins. Do you have blue veiners? And why doesn't GENT show more models with blue veiners? Keep those blue veiners coming!—Lee, Texas*

"MY FAVORITE TYPE OF TITS ARE WHAT I CALL 'BLUE VEINERS.' THEY'RE THE KIND IN WHICH YOU CAN SEE A PATTERN OF BLUE VEINS SHOWING THROUGH THE SKIN. TO ME, THIS MAKES THE TITS LOOK MORE RIPE, LIKE MELONS THAT ARE JUST BURSTING ON THE VINE."

DEAR LEE: I don't have blue veiners myself, but I agree with you—they generally look very sexy and enticing. I think your X-ray analogy is right on target too. I'd never thought of it in quite those terms, but if the model's skin is translucent and you can see the veins showing through, it actually is kind of like looking inside her boob. Good point, Lee.

Why doesn't GENT show more boobs of this type? Believe me, there's no prohibition against blue veiners in this magazine. But most women don't have blue veiners, and it therefore follows that most of the models who appear in GENT don't have see-through X-ray type boobs. By the way, have you seen Regine in the January '96 issue? She's a lovely blonde with big, all-natural boobs, both of which are criss-crossed with a lacy pattern of very obvious veins. In case you're interested, this back issue is still available. **G**

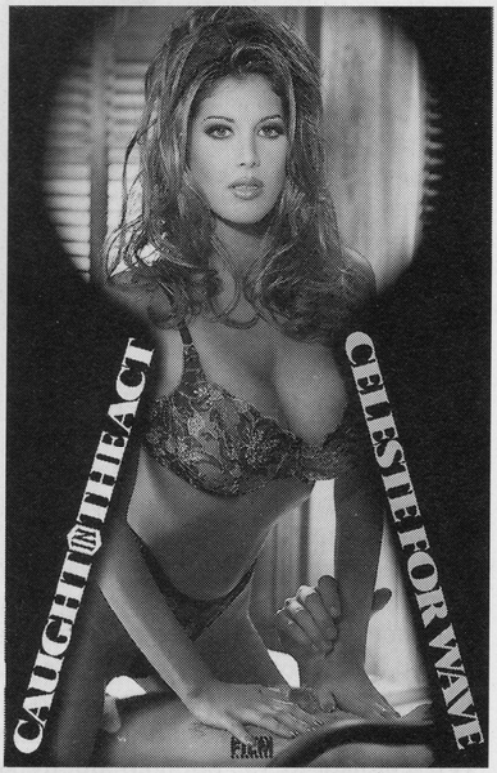
REVIEWS BY BOB COOLIO

If you get "Caught In The Act" feeding your "Oral Addiction," you may end up in "Shayne's World."—which isn't a bad place if you like scorching, non-stop sex!

CAUGHT IN THE ACT

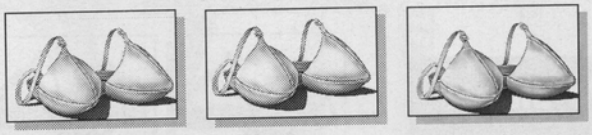
CAST: Celeste, Nina Hartley, Nikole Lace, Anna Malle, Nancy Vee, Marc Wallace, Steven St. Croix, Joey Silvera.
DIRECTOR: Toni English.
LABEL: Wave Film.
RUNNING TIME: Approximately 90 minutes.
D-CUP RATING: Three bras.
SYNOPSIS: Monica (Celeste) wants a divorce from her husband, Peter (Marc Wallace). She has proof that he has been having an affair. Peter and his attorney (Joey Silvera) hire gigolo, Steven Gallagher (Steven St. Croix), to seduce Monica and produce evidence that looks as though she is also having an affair.
HITS AND MISSES: Peter is a tough guy. In the first scene, he taunts his mistress, instructing her to touch herself and to suck his cock until he tells her to stop. She smiles and does as she's told, enjoying the fact that he's a "hard guy" as he burrows deep into her moist chasm, blasting off on her luscious derriere. Acting honors go to Steven St. Croix, as gigolo Steven Gallagher, who gradually seduces the fragile Celeste into a trio with two friends of his, Larry and Cathy. Cathy uses her feminine wiles and an agile tongue to mesmerize Celeste. Once Celeste gets into the act, they take photographs to be used against her, but in the end Steven decides not to use them. He and Celeste celebrate their mutual attraction with mutual orgasms. Throughout this video, we catch a number of people in the act—the attorney and his secretary, Steven and his sweetheart, Celeste in a shower—and each scene will make you catch yourself in the act.

HOW TO ORDER: For more information, contact Wave Film at 818-753-0037.



In "Caught In The Act," sexy Celeste and her horny cast mates find out that when it comes to fucking and sucking, it doesn't matter who gives or receives—as long as everyone gets off in the end.

ORAL ADDICTION



CAST: Christy Canyon, Jessica James, Sid Deuce, Jamie Lee, Kirsty Waay, Kitty Monroe, Brett Singer, Alex Sanders, Mark Davis, Ian Daniels, Mike Knight, Henri Pachard.
DIRECTOR: Ralph Parfait.
LABEL: Vivid Film.
RUNNING TIME: Approximately 75 minutes.
D-CUP RATING: Three bras.
SYNOPSIS: Dresden (Christy Canyon) has been institutionalized. She is in a constant state of sexual fantasy. Even worse, she is continuously describing what she is seeing, which causes everyone around her to become somewhat hot under the collar.
HITS AND MISSES: Christy Canyon compulsively describes the sex scene she sees in her head. Even better, we get to watch and the creative direction and editing shows Christy at her horny best. This is an enjoyable film with a good sense of humor and if you like to hear a woman talking dirty, you'll really get off. Dr. Loveberg (Mark Davis) tries to help Christy before she is turned over to Mr. Queen (Henri Pachard at his perverted best) for electro-shock therapy. In the end, the doctor takes matters into his own hands with some radical—and arousing—therapy of his own.

HOW TO ORDER: For more information, contact Vivid Film at 800-423-4227.

"Oral Addiction" star Christy Canyon knows the power of her lips, regardless of whether she's using them to verbally incite an orgy or having them serviced by a pussy-starved male.

SHANE'S WORLD, Volume 1

CAST: Shane, Yvonne, Caressa Savage, Kaitlyn Ashley, Sid Deuce, Mark Davis, Alex Sanders, Tom Byron, Peter North.
DIRECTOR: Shane.
LABEL: Odyssey Group Video.
RUNNING TIME: Approximately two hours.
D-CUP RATING: Two and a half bras.
SYNOPSIS: Shane takes a group of her horny friends on an RV trip into the desert. Shot MTV style, it also includes "Shane's Helpful Hints: How to Give a Good Blow Job" and "Shane's Fan Pick of the Month."
HITS AND MISSES: Shane's World is like "The Real World"-except instead of incessantly complaining, the group is incessantly fornicating. There's fun for everyone as Shane and her nasty girlfriends get off with their fortunate traveling companions and each other. As the RV travels through the city, they party down-dancing, sucking and fucking each other, and flashing their tits and asses at passing vehicles. Once they hit the desert, things get even hotter. Mark Davis gets sucked off by both Yvonne and Shane in the "Blow Job" segment and in the "Fan Pick," a lucky dude gets a surprise visit-and blow job-at work.
HOW TO ORDER: For more information, contact Odyssey Group Video at 800-397-5114.

THE SKIN SCENE

Note: all of the magazines reviewed in this section cost $6.99 on the newsstand, except Leg Parade which retails for $5.95. Subscription prices vary.

A Round-Up Of The Men's Magazine Market

Last month we started this new section in which we'll be taking a look at other men's magazines. Up for review this month: the leg mags.

Published 13 times a year by the ubiquitous Swank Publications, the Sept. '96 Leg Action is a satisfying 128 pages of tanned, toned legs and lots of bare feet. From the opening *"Peep Show"* layout in which we see a sexy brunette watching an X-rated video by herself to the scorching "Soothing Sue" pictorial in which a lucky stud gets to first taste his lover's toes before having them envelope his throbbing cock, *Leg Action* delivers the goods. The reader letters are written with the kind of unabashed devotion to feet that only an aficionado could muster and there was even an informative piece on the decline of pantyhose sales—bad news for those with a nylon fetish.

LEG ACTION delivers the goods with lots of long, lean legs and sexy, perfectly sculpted feet.

HOT LEGS

When we turned to the contents page of the Aug. '96 issue of this bi-monthly, the first thing we noticed was how blurry the photos were. This was a harbinger of things to come. All eight pictorials suffered from poor reproduction, but even more disconcerting was the fact that not once in this mag's 96 pages (of which hardly any were numbered—ever hear of a folio, guys?) did we see a bare foot. In fact, we barely saw a bare leg because in every layout the model's legs were covered by nylon or leather. Granted, leg men like to see their favorite female body parts adorned in sexy apparel—but they also want to see them completely naked! We found it astonishing that a specialty mag could be so out of touch with its readers' desires, but then again, what should we really expect from a publication that accompanies its layouts with such insipid copy as "I've got fuck fever bad!" and "Watch me give the photographer my Special Look"? As for their attempt at erotic fiction—"Is Their Sex After Death?"...you gotta be kidding, right? Our assessment of Hot Legs: a total crash and burn.

Considering the total dearth of any bare leg or foot shots, this magazine might be better titled HOT NYLON & LEATHER.

OPEN LEGS & LACE

Although at 80 pages this monthly mag might feel skimpy, it's chock-full of sexy bare-gammed gals doing all kinds of naughty things to their feet. In the Aug. '96 issue, the most titillating layout (in spite of a few blurry photos) was the one featuring blonde foot fiends Candi and Brittany, who barely came up for air, so enamored were they of each other's tootsies. But even the solo models managed to satisfy their cravings—with their own feet! Also arousing was the model named Sin Dee (a Cindy Crawford look-alike, right down to the mole on her face), who showed off her shapely peds and smooth pussy with style. If you're looking for any steamy fiction or reader letters from fellow foot fanatics, you'll be disappointed. But if you simply want eight pictorials of long-legged, barefoot lovelies, give *Open Legs & Lace* a try.

In OPEN LEGS & LACE, Brittany and Candi go to town on each other's toes while Tammy Lynn makes do with her own precious peds. Cindy Crawford look-alike Sin Dee(inset) shows us what the supermodel might look like if she ever posed for us the way we'd want her to.

LEG PARADE

At only $5.95, this 96-pager might seem like a bargain but, just as we said about the one $5.95 mag we reviewed last month (*Big Tops*), you get what you pay for. And what you get with the Aug. '96 issue is a mostly dated array of washed out, unimaginative pictorials that featured few, if any, bare legs or feet. In one of them ("One Night Stand"), the model's shoe is encrusted with something that looks like it might have once been gum. Only the hardiest of shoe devotees would go near that sole. The "Dream Date" story in which a porn fan allegedly convinced his favorite porn star to go out with him via his heartfelt letter was interesting, but who's in charge of the art direction here? Having four columns of type over two pages with the middle two columns completely empty just looks bizarre. And while we're on the subject of art direction, someone tell the A.D. that using a same-size drop shadow on every layout title is a good way to give your readers a splitting headache.

Even an avowed shoe lover would have second thoughts about tonguing this sole. Of LEG PARADE's seven pictorials, the "Leg Lovers" one was the best but that same-size drop shadow on the title had us running for the Tylenol.

LEG SHOW

Finally, we come to the undisputed king of the leg magazines—*Leg Show*. Actually, with its emphasis on female superiority, undisputed *queen* might be more accurate. Fans of *Leg Show* learn early on that women with great gams and sexy feet rule the world-and what's even more arousing is that they know they rule the world. Sure, *Leg Show's* pictorials are top-notch—pretty models, fancy hose, perfectly pedicured feet—but for *Leg Show* to dominate the market the way it does, it must do something the others don't. And that something is tap into the foot fetishist's need to be overwhelmed by the object of his desire. At the core of most *Leg Show* stories and letters (curiously, there are no articles in *Leg Show*, but the fiction writing is so dead-on target, there's no need for non-fiction) is the idea that no matter how hard a man tries to control his urges, he will eventually succumb to the irresistible lure of his gorgeous (and hopefully benevolent) seductress. And in doing so, he will surrender his manhood, often in an embarrassingly public way, and often to his ultimate detriment. This surrender usually takes place through excruciatingly slow masturbation (over which the man has no control), but the payoff for forfeiting one's manhood is usually an indescribably powerful orgasm that in some way involves his vanquisher's feet. For the foot fetishist, it's a fair trade. For the publishers of *Leg Show*, it's another trip to the bank.

At the core of LEG SHOW's appeal is the idea that no matter how hard he may try to resist, a true foot lover will always succumb to a beautiful pair of feminine feet.

Valerie Wells

In a couple of shots on this opening spread, Valerie's body is clothed, but there's no concealing her sexual magnetism. With feline grace, this redheaded vixen slowly removes her clothes...and with them all sense of inhibition. Valerie is one of those women who appear shy and demure in public, but then unleash a runaway libido between the sheets. And we can't think of anything we'd rather do than get between the sheets with this petite 40-23-35 beauty.

If you saw Valerie on the street, you'd probably conclude she'd never had a dirty thought in her life. She has an air of innocence the completely belies her wanton desires. Just beneath the surface of Valerie's "innocent" demeanor is a subtle "come-and-get-it" invitation that you'd be wise to heed. Valerie's tight body, firm boobs and sparsely furred pussy are there for the taking, but only if you read the signals correctly. That means you move at her pace—slowly at first...a gradual build-up...and then with reckless abandon. Do that and you might get to see what Valerie looks like in the morning.

INTERVIEW WITH TRACI

TOPPS

When Traci Topps first appeared on the D-cup scene back in 1990, we predicted she'd become a superstar—and she hasn't disappointed. From her March '90 GENT covergirl debut to this month's cover (and don't forget her July '95 covergirl appearance), Traci has made every successive appearance more cock-tingling than the last. Eschewing the typically overblown measurements exotic dancers like to bill themselves as having ("They're a load of crap," says Traci), this 25-year-old admits to measuring 36JJ-24-36 on a 5'5", 115-pound frame. As you'll discover upon reading the rest of her interview, this Houston native is a straight shooter. We caught up with her recently when she was posing for a photographer in Great Britain.

GENT: So, Traci, how's a Texas girl holding up in England?

TRACI: I've been here a few times before and I like it. It's a little rainy, but otherwise I'm enjoying myself.

GENT: From what we understand, you've lived in Houston your whole life, yet you don't have a trace of an accent. Why's that?

TRACI: I guess I've traveled so much I lost it somewhere along the way.

GENT: Tell us about your background. What were you like growing up?

TRACI: I was kinda shy, kind of a nerd.

GENT: C'mon, we find that hard to believe...

TRACI: No, it's true. I played the clarinet in the marching band and was a pretty good student...when I wanted to be.

GENT: 'When you wanted to be'?

TRACI: Well, I admit I have kind of a short attention span, and I got bored with school at times. Still, I went to college with the intention of studying music.

GENT: Did you want to make a career in the music field?

TRACI: Yes, I did. I wanted to work with the bands, kind of behind the scenes. But after one year of college, I got bored and went to work as a secretary. Unfortunately, that was even more boring and I started looking for something else.

GENT: Is that how you got into exotic dancing?

TRACI: Yeah, sort of. I had a friend who was a waitress in a topless bar, and she got me a job there as a waitress. My first night, which was the hardest I've ever worked (guys, those waitresses are on their feet all night for not that much money, so please be nice to them), I noticed that the house dancers were making a whole lot more money than I was. That's when I decided I wanted to try exotic dancing.

GENT: And what was your first experience on stage like?

TRACI: Utterly petrifying! I was so nervous. But, as the saying goes, the show had to go on, so after more tequila shots than I've ever had, I got up there and did my thing.

Actually, the crowd was very supportive. They all knew it was my first time on stage and were very encouraging. Basically, I was fresh meat to them and they all wanted to be my first table dance.

Within a week or so, I was totally comfortable with stage dancing and knew I'd found something I could do for a long time. A few months later, Topsey Curvey [who has also appeared in GENT] was featuring in our club, we got to talking and eventually she hooked me up with her agent. And that's how I became a traveling feature dancer.

The modeling was a natural offshoot, and came about when one of your photographers approached me after my first feature job in Toronto. At first I resisted, but after a lot of convincing, I eventually agreed to do it. Just like with the dancing, I was nervous at first but I got over it pretty quickly. I guess you could say I'm pretty adaptable.

GENT: Funny, you didn't look at all nervous in the March '90 photos. To backtrack a moment, you said before you could dance 'for a long time.' How much longer do you plan on performing?

TRACI: I don't want to stop anytime soon, but even when I do, I'll still stay in the adult entertainment business. I'm good friends with another GENT model, Danni Ashe, and when I stop traveling the circuit I'll probably move out to California and work closely with her on her Internet projects.

GENT: From what we understand, you're also good friends with another GENT covergirl, aren't you?

If you've got access to the Internet, you should visit Traci's free Website at <WWW.TRACITOPPS.COM> You can order videos, download photos and leave e-mail, which she makes a point of answering every month.

Traci loves hearing from her fans and will respond to you personally if you include an S.A.S.E. when you write her at TRACI TOPPS FAN CLUB, 1426 WEST GRAY, #546, HOUSTON, TX 77019.

TRACI: You're probably referring to SaRenna Lee. We've been great friends for quite awhile and have done several videos together. I've also done videos with Danni Ashe. I'll only do videos with other women because that way I'm not 'the Lone Ranger' trying to carry the production all by myself.

GENT: Tell us about the drawbacks to being in your profession.

TRACI: Well, you have to work much harder to stay close to the important people in your life. There will be times when I'm only home for, say, one week out of a two-month period, so I have to cram all my catching up with friends and family into a very brief time.

And then there's the relationship dilemma. Right now, I'm dating a man who lives in New York, so with the combination of my traveling and this being a long-distance relationship anyway, you can see where it would take a lot of effort and planning.

GENT: But so far you've managed to make it work?

TRACI: Yeah, we have. I try to book as many dates into his area as I can, so we've been able to see each other quite a bit.

GENT: Even though we're sure you've broken countless hearts with the news that you're taken, why don't you tell us about him.

TRACI: He's very supportive of my career although it does keep us separated much of the time. The guys I go for are smart, funny and romantic and I like to be pampered a bit—you know, candlelit dinners, going to the theater, that kind of thing—and he certainly fills the bill. I really don't notice a person's looks until after I get to know them. I believe it's what's on the inside that makes a person attractive or not.

GENT: We hear you, Traci. This gentleman in New York is one lucky S.O.B. We just hope he realizes how lucky he is.

TRACI: [laughing] I think he does.

GENT: Any marriage plans?

TRACI: Let's not get carried away now...

GENT: All right, then, but if there ever comes a time when he forgets how fortunate he is, you let us know and we'll straighten him out...or try our hardest to steal you away from him.

TRACI: [laughing] Okay, it's a deal. G

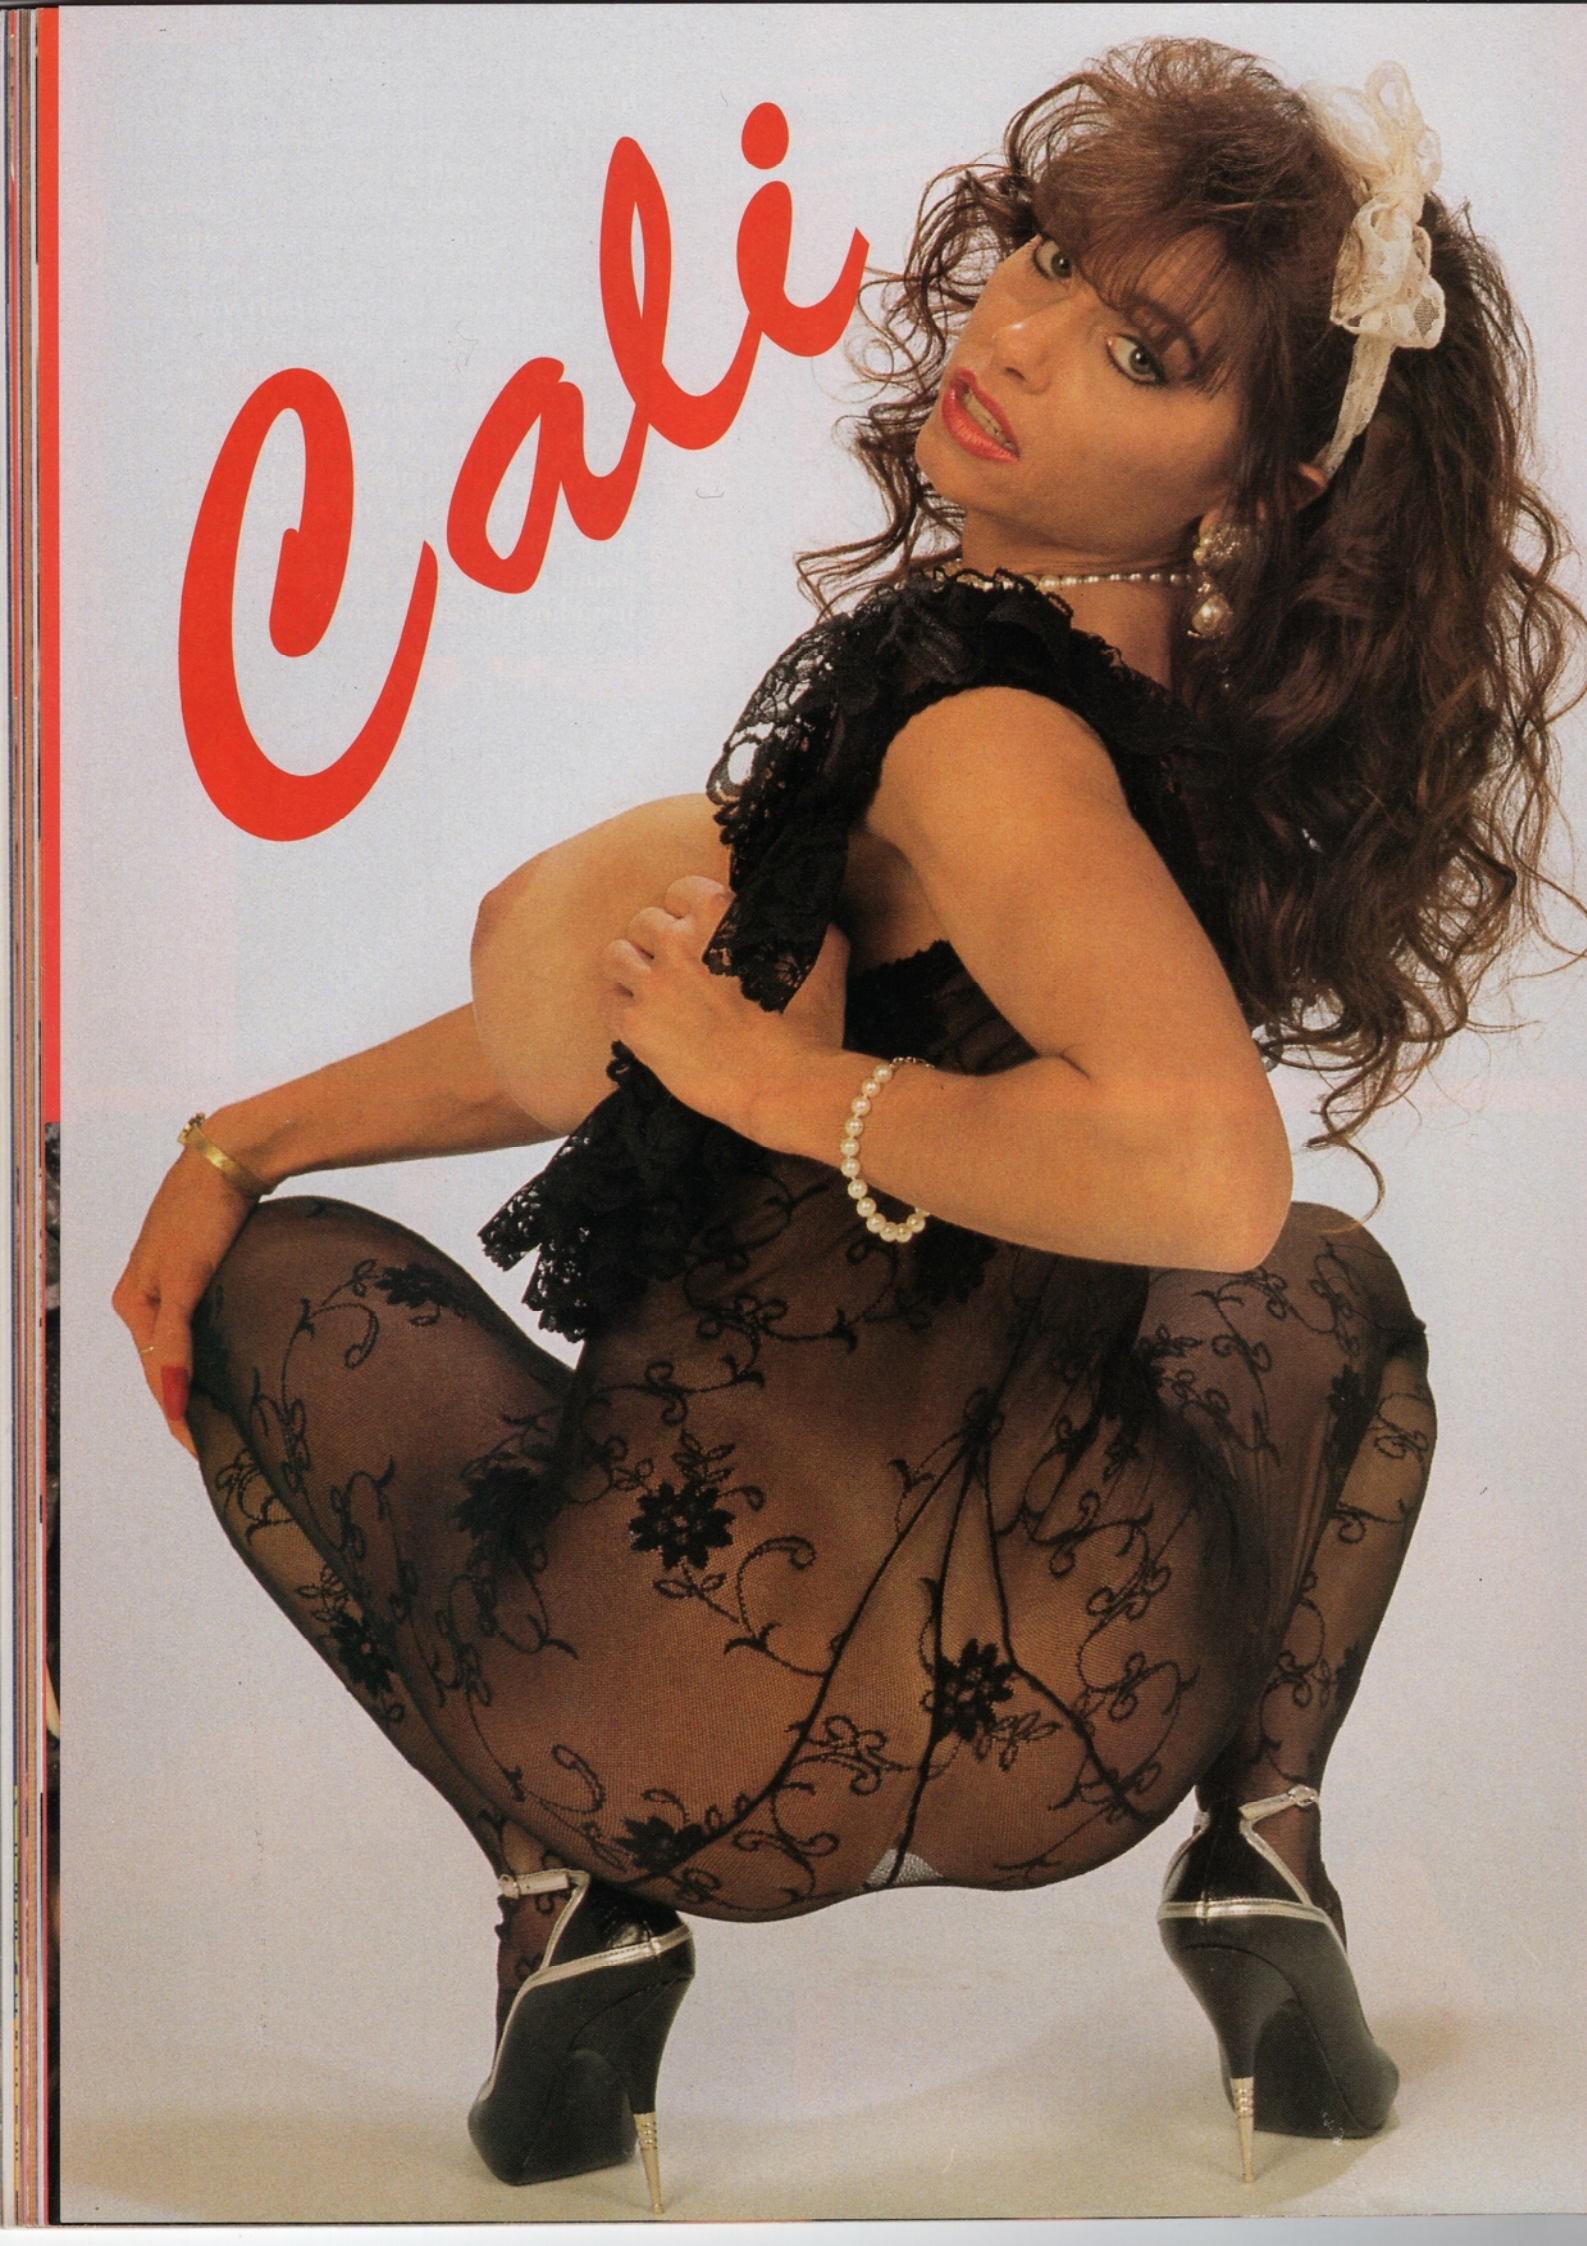
VAN

ESSA

From across the Atlantic, we introduce you to British bra-buster Vanessa, a 5'6", 135-pound cutie who, when not showing off her delectable 38DD-25-38 figure, makes her living as a "beauty therapist." That means she waxes legs and gives facials, manicures, pedicures and any other kind of treatments that help beautify her female clients. Without question, Vanessa's professional expertise has rubbed off on her own sultry appearance...and the proof is in the pictures.

Extending her beauty philosophy to her entire body, Vanessa is also an avid fitness enthusiast. Her favorite activity? "Jogging, which I do bra-less so that my boobs bounce everywhere. It's really quite amusing to see men's reactions to it." We can only imagine what a bra-less (yet covered) Vanessa looks like bopping down the street doing a leisurely 5K. Thankfully, we don't have to wonder what her spectacular, all-natural boobs and meaty pussy look like uncovered. In these pages, she displays them for you in cock-stiffening fashion. No doubt about it—Vanessa has learned her feminine beauty lessons well.



Cali

We've seen our share of impressive D-cup debuts before, and now you can add the name Cali Hunter to that extensive list. Cali is a 5'4", 112-pound brunette beauty from Peoria, Illinois, and she makes her living as a local house dancer at a club called Big Al's. Be sure to check out her act if you're ever up that way, but do it soon because Cali has big plans. She'd like to become a traveling feature dancer and told us that she considers appearing in *GENT* to be the best thing that could have happened for her burgeoning career. That's sweet of her to say, but we know we're the lucky ones because we get to say we published Cali's photos before anyone else.

PHOTOS BY BOB & DEE FERGUSON

The more we've learned about Cali, the better we like her. Cali is divorced and very available right now (in fact, she got into exotic dancing for reasons similar to that of the Demi Moore character in *Striptease*). In her mid-twenties, Cali is family oriented and keeps her 42-23-34 figure lithe and trim with daily gym workouts. Good thing she exercises, too, because she's a terrific cook who likes to sample her own fare. Her favorite? "I love the kind of food that's out of favor right now—fried chicken, mashed potatoes, gravy. I do the good, home style cooking that nobody does anymore." If we had Cali waiting for us in the dining room, we'd never be late for dinner, but we'd still have a dilemma: should we start with her delicious food...or her delicious body?

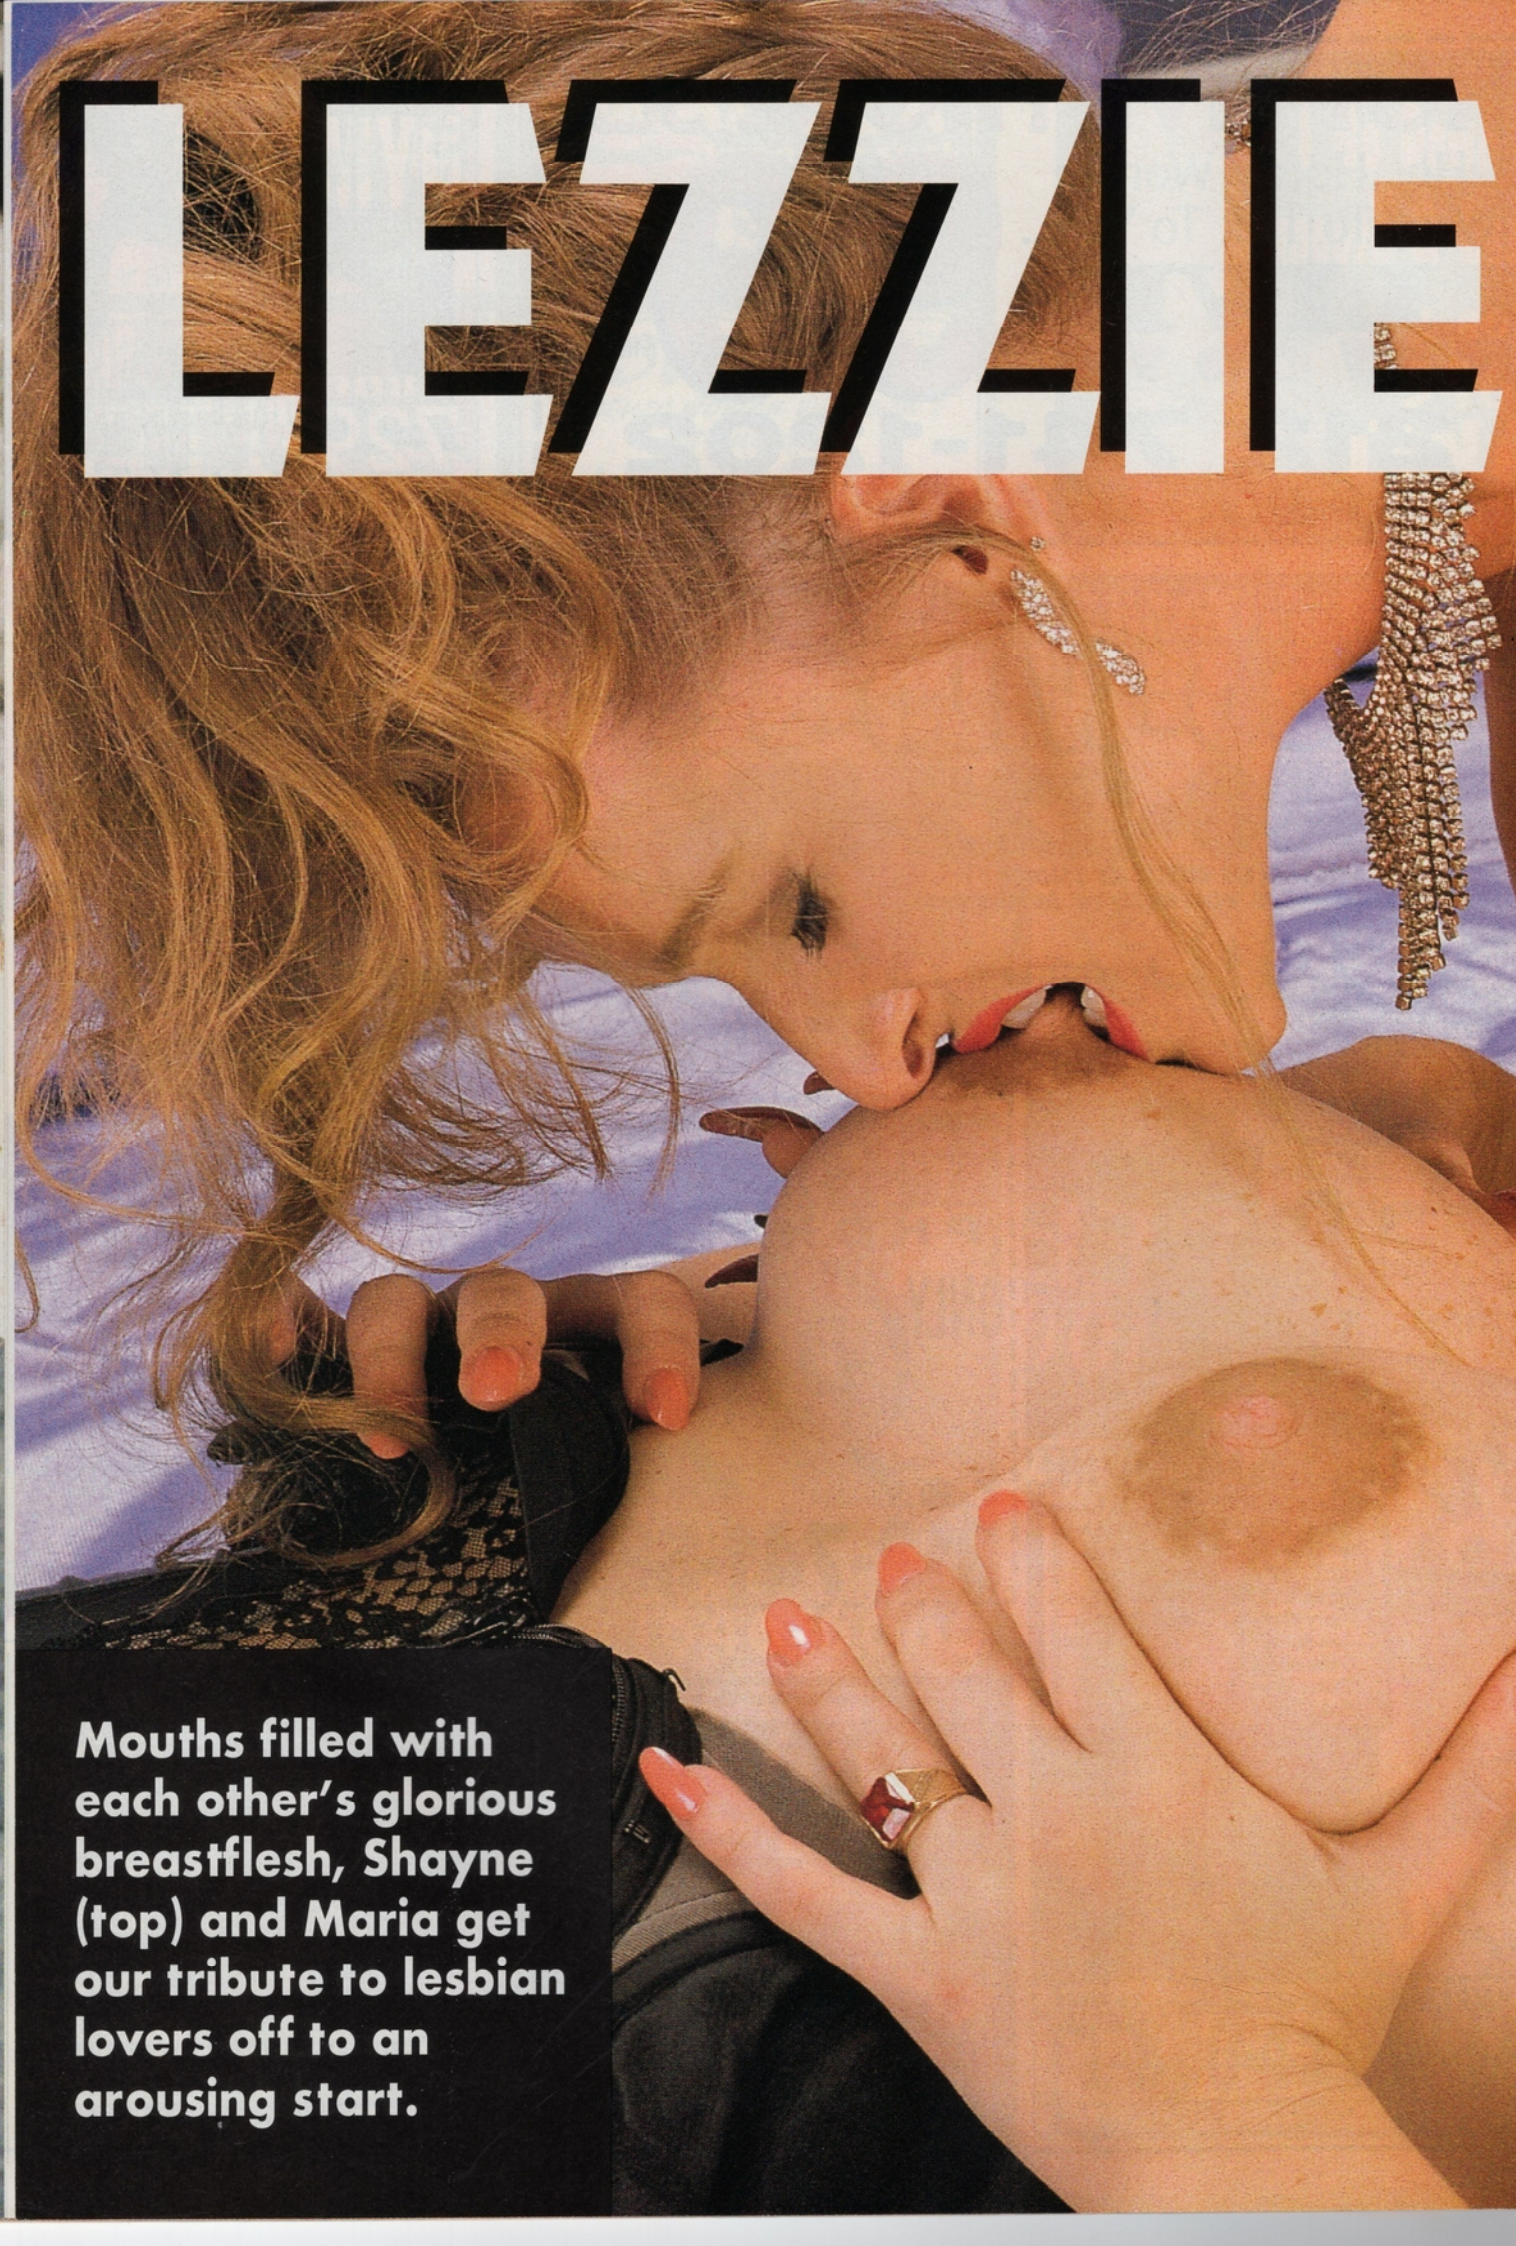
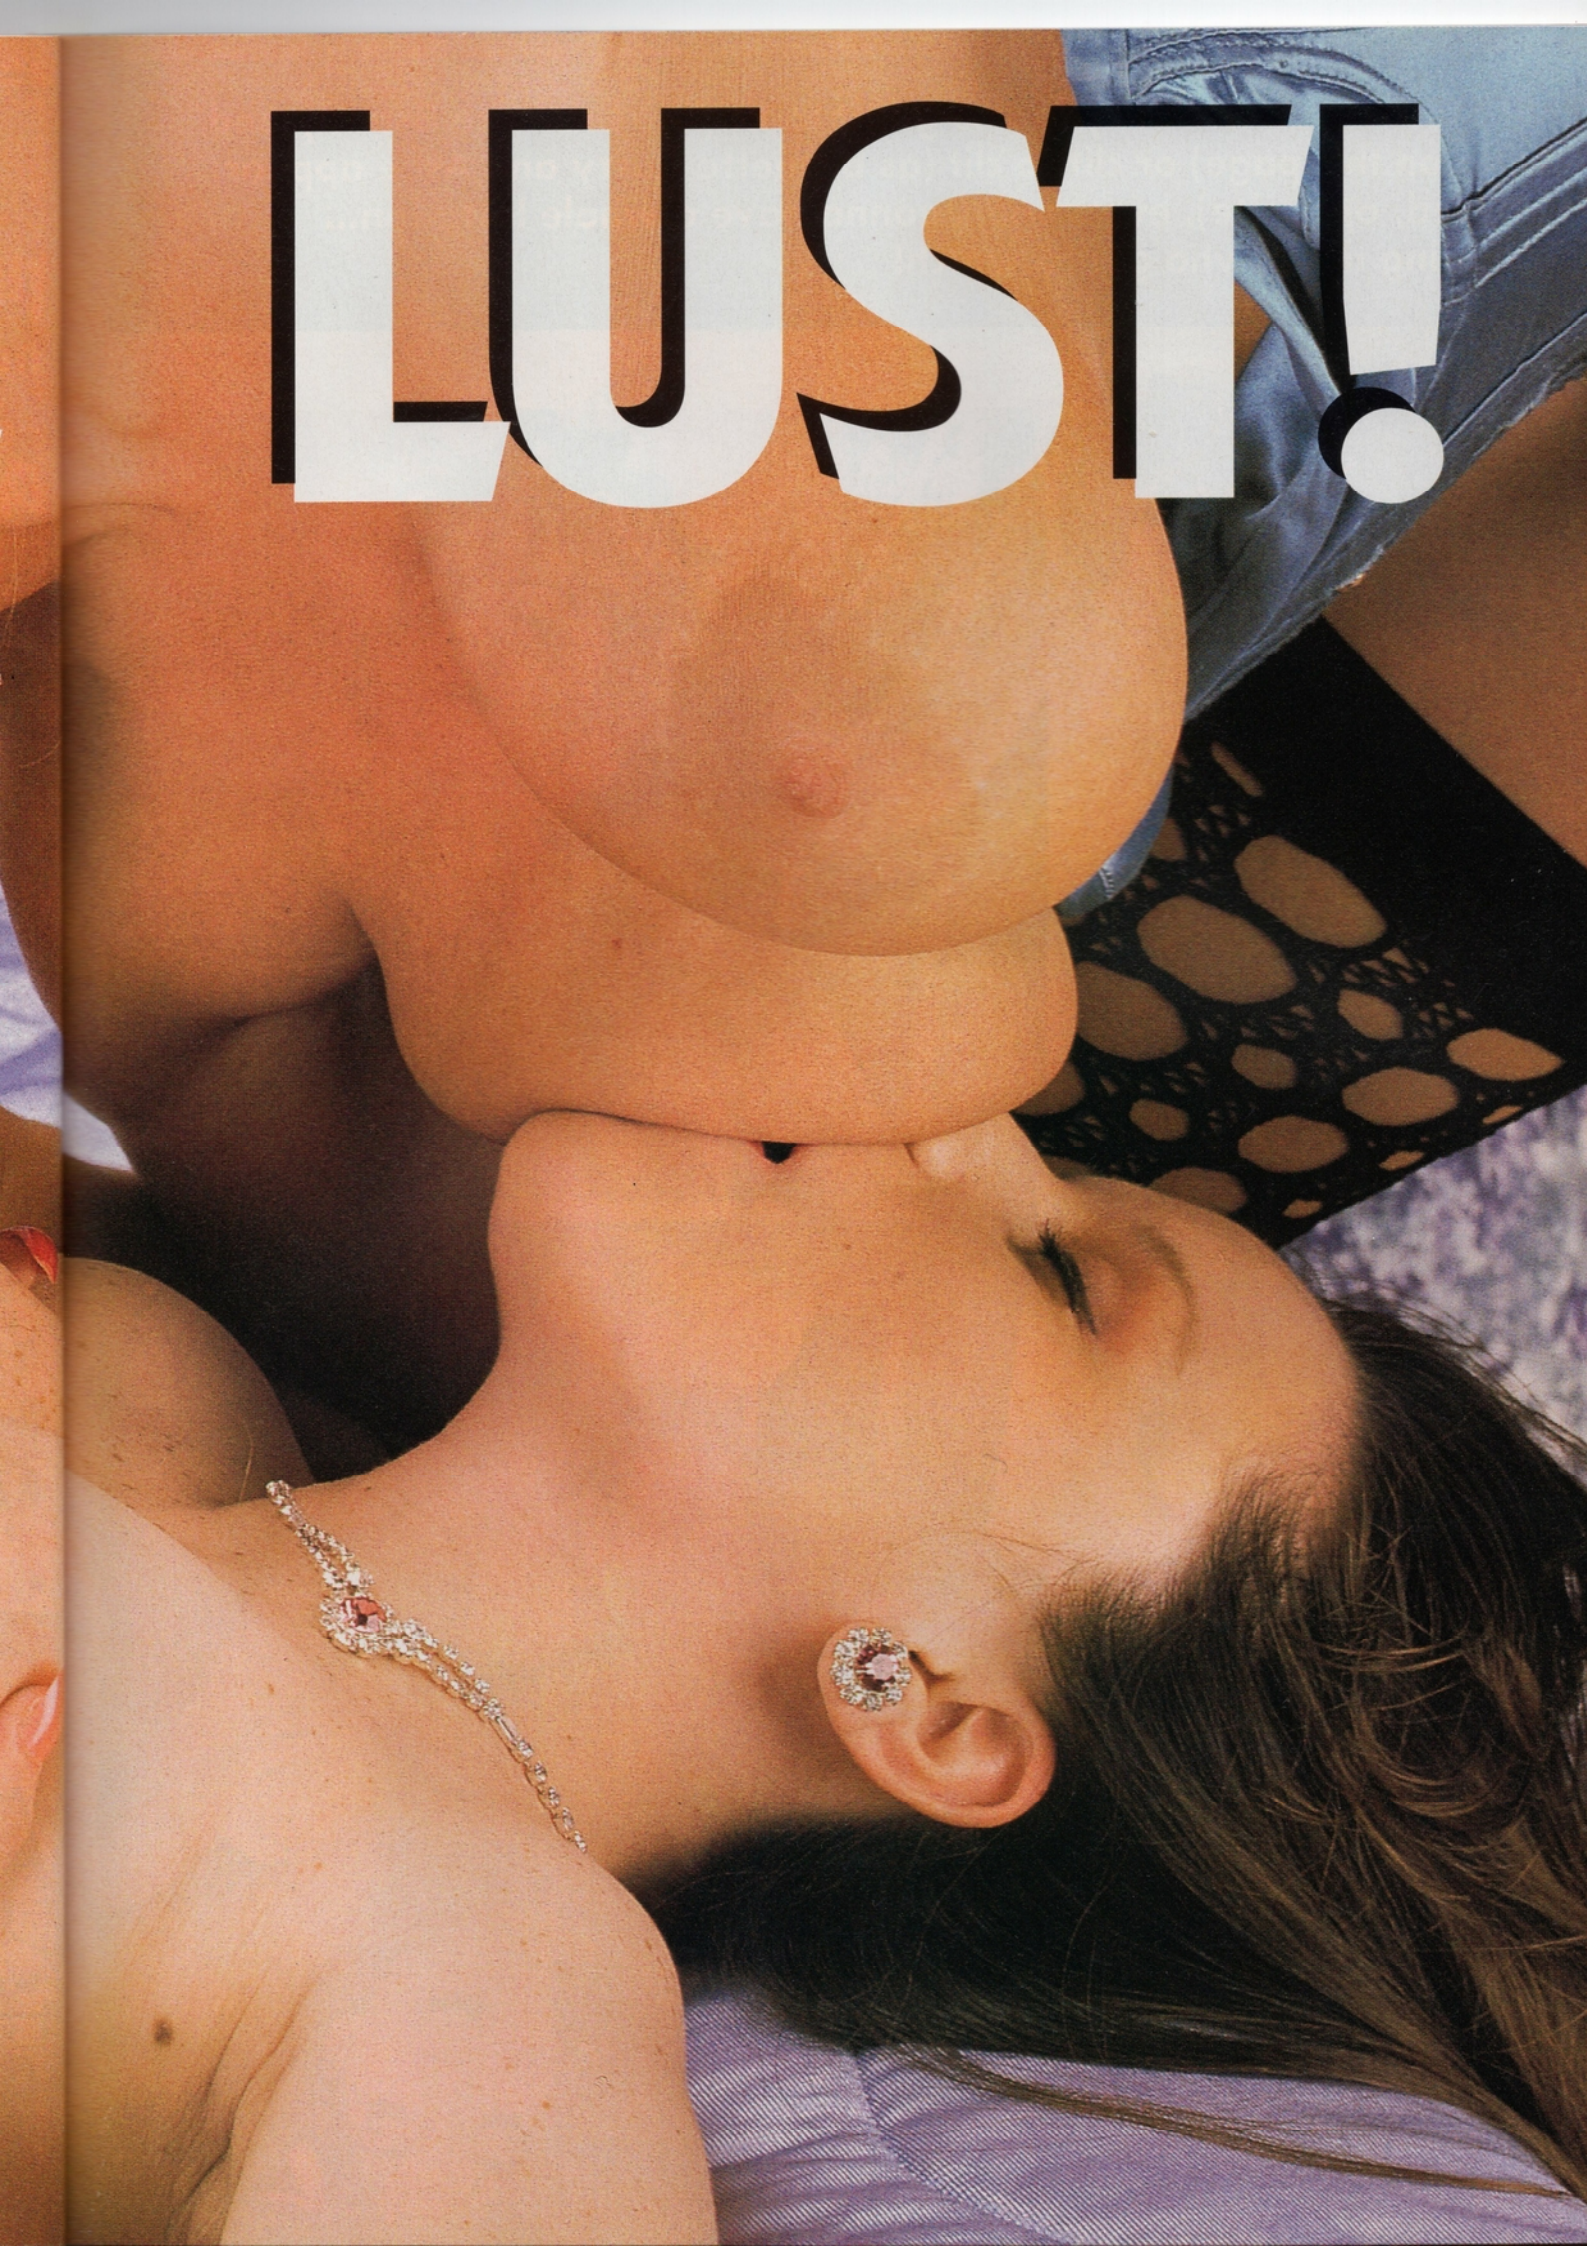
INCREDIBLE TWO-GIRL NON-STOP FUCK-A-THON WITH YOU IN THE MID

LEZZIE



Mouths filled with each other's glorious breastflesh, Shayne (top) and Maria get our tribute to lesbian lovers off to an arousing start.



LUST!

Whether a pair of horny ladies go tit to tit (like brunette Brandy and Erika on this page) or clit to clit (as brunette Busty and Ashe appear headed, opposite), everyone's gonna have a whole lotta fun... including those who get to watch!

For brunette beauty Melody Foxxe and Tanya, the high seas turned decidedly sexual. Whether it was the sunshine, the salt air or the skimpy bikinis, one thing led to another and before they knew it, they were going at it fore and aft.

Adult Entert

Some of the exotic dance world's sexiest stars gathered in Dallas to determine who was the hottest of them all.

PHOTOS & TEXT BY JAMES HAMILTON

Well, I'm on another road trip for GENT magazine. This time I'm in Dallas, Texas to cover Sundown's Adult Entertainer of the Year Contest. They do everything bigger and better in Texas and contests are no exception. For three days, the finest adult entertainers in the Dallas/Fort Worth area (or the Metroplex, as the locals call it) strutted their stuff in front of a blue ribbon panel of judges that included GENT model Kayla Kleevage.

Sundown is a local adult entertainment newspaper and as publisher Jerry Lennon explained to me, they conceived the contest to showcase the talent from the various clubs in the area. Each club was asked to select their top two ladies to represent them in the contest. The three days of competition pared the initial group of contestants to 20 after the first night to 10 finalists.

The site for this year's contest was Caligula XXI, located in Northwest Dallas. As the name suggests, the club's ambiance is neo-Roman. A large center stage dominates the room and several smaller stages are strategically placed around the club so that patrons are never more than a few feet from any dancer.

On the first evening every contestant was given four minutes to perform a short dance routine. Elaborate costumes and short skits were permitted, but props

tainer Of The Year

Part I

were not. The 20 semi-finalists that made the first cut performed a 10-minute show on night two and stage props were permitted. On the third night, 10 finalists were allocated 12 minutes to perform their most lavish stage presentation.

First-night activities included sign-in for the contestants, a short meeting on the contest rules, drawing for the performing order, introduction of the celebrity judges...and then it was time to get the show started!

Each contestant focused her activity to gain the attention of the judges. Some dancers presented four minutes of non-stop high energy dancing, gymnastics and physical dexterity. Others chose the slow, sexy route with sensuous routines that emphasized their intense sexuality. When you put the best dancers together in close competition, a "go-for-broke" attitude prevails as each contestant attempts to out-perform the others. How hot was the competition? Picture this: most of the Caligula house dancers gave up table dancing at other locations in the club and congregated around the stage to watch and cheer on the contestants.

"Some dancers presented four minutes of non-stop high energy dancing, gymnastics and physical dexterity. Others chose the slow, sexy route with sensuous routines that emphasized their intense sexuality."

Costuming ran the gamut from biker to latex, from glitzy cowgirl to red, white and blue patriotic and even included one dancer doing a very authentic Marilyn Monroe impersonation. The first night also featured full shows from last year's winner, Vanity, and show hostess Jade St. Clair, the reigning Miss Nude Texas.

Besides the 30 or so first night contestants, Caligula XXI had its normal assortment of house dancers on hand, and believe me, they are spectacular. Every half-hour the club would turn the floor over to the house dancers with the announcement: "It's show time—all ladies up, all tops down!" Instantly, the dancers spread throughout the club doing table dances for the patrons.

By the end of the evening, the score sheets had been tallied and each of the 20 semi-finalists was announced. As the semi-finalists posed on stage, the others packed their costumes, the Caligula house dancers went back to work and the photographers packed up and headed back to their hotel.

On the second night, the level of competition was raised a notch. Almost every contestant was unpacking the props that would become integral to her presentation. Before the competition began, I corralled celebrity judges Kayla Kleevage, Sophia Staks and contestant Devon Michaels for a little impromptu photo shoot. What started out as a few "show-your-tits" type shots became

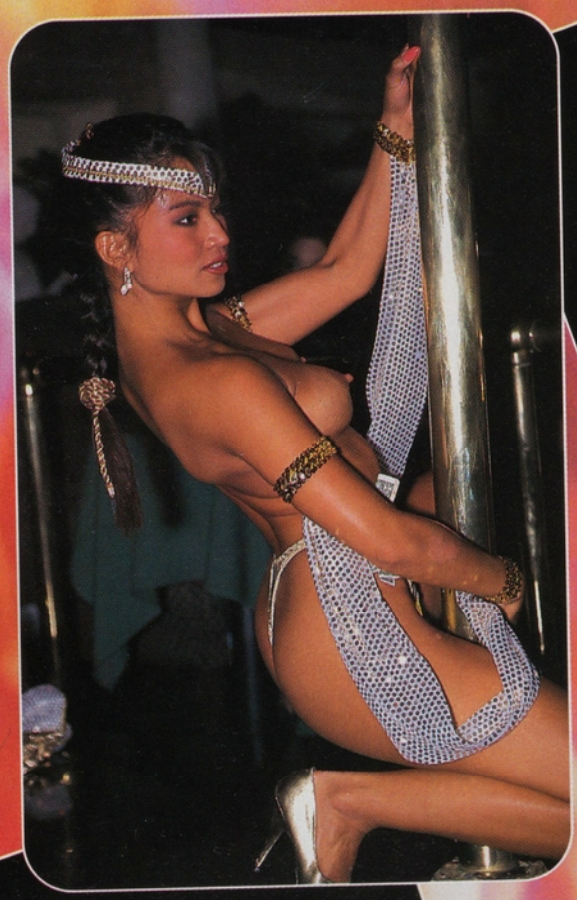
"Every half-hour the club would turn the floor over to the house dancers with the announcement: 'It's showtime-all ladies up, all tops down!'"

a writhing gigglefest with the ladies feeding each other grapes. It didn't take long for some of the club patrons to figure out what was going on either. Realizing that our little photo shoot was the best show in the house, they joined in the fun and encouraged the ladies to fondle and lick some more. Three rolls of film later the party was over.

Originality was the key word on the second night as contestants were able to add props to their show. Some shows were sexy, others were cute and one show opener had the audience in hysterical laughter. London started her performance dressed as an old woman attired in a blue-checked house dress, rolled-down stockings, sandals, a red bandanna over her hair and a craggy old person Halloween mask over her head. Under her dress, she had added a butt enlarger. Her musical selection for this wild costume: "Baby Got Back" by Sir Mixalot. If you can imagine the spectacle of this "old woman" dancing, wiggling her butt and doing contemporary dance moves...well, suffice to say it was outrageous!

Other highlights from the second night's performances included Sierra performing a beautifully costumed and choreographed show with a medieval theme. At the climax of the show, she pulled the sword from the rock as legend says King Arthur did centuries ago. Ebony-skinned Donna Denise pulled the petals off roses and suggestive-

"When she had stripped down to her G-string, she entered a small wading pool and began to apply red and white whipped cream all over her body. One lucky patron was pulled face first into a chest full of whipped cream."



ly nibbled on the red petals. The crowd loved every minute of it. Donna Denise definitely knows how to get a crowd worked up. Devon Michaels stripped out of a glittery outfit and then entered a plexiglass pool, treating the audience to a very provocative bath.

Jordan Jarrelle, who is one of the cutest little brunettes I have ever seen, bounded out of a toy box full of stuffed animals. Attired in a cutesy outfit complete with oversize panties with a smiley face on the butt, she paraded around the stage shedding clothes. Her song selections included "Pop Goes The Weasel," "I Want Candy," and from *The Little Mermaid* "Part of Your World." When she had stripped down to her G-string, she entered a small wading pool and began to apply red and white whipped cream all over her body. All the while, she was mouthing the words to the song "I Know What Boys Like." One lucky patron was even pulled face first into a chest full of whipped cream. The audience roared with their approval.

The ladies' athletic ability was evident throughout the show, but one performance demonstrated just how fit these contestants were. Tasia used two standard club issue bar stools, aligned them side by side, stood on them and then slid them apart until she was performing a full, legs-parallel-to-the-floor split. In an amazing display of strength and balance, she remained motionless

"This long-legged, doe-eyed brunette put on one of the most sensual performances I have ever seen. Starting out in an abbreviated nurse's outfit she strutted her stuff, pulled a guy out of the audience and did a 'medical examination' on him."

with her body three feet off the floor!

Contestants Holly, Leigh and even London, having doffed the old lady outfit, put on 10-minute performances of non-stop high energy dancing. But, when it came to slow and sensual, no one could top Kenzie. This long-legged, doe-eyed brunette put on one of the most sensual performances I have ever seen. Starting out in an abbreviated nurse's outfit and performing to "Doctor Feel Good," she strutted her stuff, pulled a guy out of the audience and performed a "medical examination" on him. She checked his eyes, ears, nose and throat—and finished him off by checking out his butt. Then the music turned soft and sultry and Kenzie put on a show that left the audience breathless. At one point, she bent completely over and began to lick the inside of her leg. This lusty lady exudes sexual energy from every pore.

The judges had a tough time making their decisions on the cut to 10 but they finally narrowed it down. The finalists who would be competing for the title and the $5,000 cash prize were Rockin' Ricki, Dee, London, Sierra, Destiny Hunter, Jordan Jarrelle, Devon Michaels, Miss Marlyn, Donna Denise, Venus and Kenzie.

Who will win the Adult Entertainer of the Year Contest? Well, that will have to wait for another day-or, in your case, another month. You'll have to pick up the Holiday '96 GENT to find out who the winner is. See you next month, guys!

AWESOME ORGASMS

ARTICLE BY DONNA POWELL

The best way I can describe my own orgasms is to say they're awesome. I love to come. You no doubt love to come. And while it's true that we can't get together for that fun-fulfilling purpose, you can, like I do, perform a couple of simple exercises that will soon make your orgasms as awesome as mine.

I've written a couple of articles about an exercise called "Kegels" before. But a lot of new information has come out lately about this simple sex exercise that can make it much more result-producing and effective than before. Kegels were invented by a urologist named Arnold Kegel; he originally intended the exercise to be used by persons who had problems holding their urine. And it worked for that purpose. But those who did the exercise reported an unexpected added benefit—the length and strength of their climaxes dramatically improved. Within a short time, "Kegels" caused those who performed them daily to experience extremely ecstatic and long-lasting orgasms whenever they engaged in any kind of sex.

Kegels work equally well for both sexes; the exercise actually works to stimulate and strengthen the exact muscles that contract in spasms when we come. The stronger those muscles are, the more powerful, long-lasting and pleasurable our spasms are when we come. This muscle is used by both sexes to some small degree when we deliberately stop our flow of urine and when we force out the last drops when we're finished. The old standard way to perform Kegels is to merely flex or clamp down with that muscle a couple of hundred times a day (in the same "cut-off" way that you would clamp-down to expel your last drops of urine), holding each flex or clamp for about one second. This method does work. Within a couple of weeks you will definitely begin to feel a big difference in the length and strength of your orgasms. However, this new, far more advanced method of performing Kegels will not only work far better, your orgasms will become "guaranteed awesome."

While any form of Kegel exercise is somewhat effective, doing Kegels on a regular daily basis is definitely not as result-producing as doing them every other day. These muscles (sometimes called the PC for short) are very small sphincters, and doing Kegels every day definitely amounts to "over-training." Any muscle requires stimulation (exercise) followed by a period of rest (recovery) in order to develop and become stronger. A major reason that Kegels failed to work effectively for many individuals is that doing them every day did not allow sufficient rest for recovery; without that "recovery time" one's PC muscles become virtually exhausted and do not develop much in either size or strength.

Another reason the old Kegels were only somewhat effective is that they were not progressive and they failed (on the male's part) to consider the extremely high importance of any form of testicle stimulation (or exercise).

When a man or woman works out with some form of resistance exercise (like with weights) the workout becomes "progressive." Unless we deliberately make any kind of exercise "progressively" harder, we will only receive moderate benefits. The old Kegels gave only moderate benefits because the constant "clamping down" (done every day) was not progressive; it was never made harder to perform. If you lift a five-pound weight every day without increasing the weight to make the exercise harder, you will only receive moderate benefits.

The way to make your Kegels progressively harder is to perform them every other day in three different ways. Believe me, if you choose to perform these three different Kegel clamps every other day, and you faithfully perform them for at least a month, your climaxes will be so convulsive, long and awesome that you'll continue doing them for life.

First, forget counting. Let your mood and energy on any particular day be your guide instead of concentrating on counting. These new, result-producing Kegels are no more complicated to perform than the old standard Kegels. The big difference is that you do them only every other day, and that one of the three methods is performed with a rigid erection.

When you perform a session of Kegels with a rigid hard-on, your cock will move upwards with every clamp and lower when you relax. The way to make these Kegels "progressive" is to hang a light wash cloth (or any light object) over your cock as you perform your clamps. Don't overdo it at first. You're actually "weight-lifting" with your cock, so take it easy for a few workouts. This form of "weight-lifting" Kegel can also easily be performed while lying on your back in bed; the weight of the blankets will provide progressive resistance for your prick

"Have you noticed that all the guys in here have big eyes?"

to "lift" against.

When you do your Kegels with a hard-on, your cock receives the added benefit of blood compaction—which provides a "pump" and increases your ability to both develop and maintain a rigid hard-on.

A second form of Kegels is performed by holding each "clamp" for about three seconds before relaxing. Do this without a hard-on and on the same day you do the Kegels with a hard-on. You can do these at any time: while driving, watching TV and even when you're walking. Don't bother counting your "clamps." On some days you will feel like doing a lot of them, on other days you won't. It's not important. Doing them every other day and holding each "clamp" for about three seconds is sufficient—even if on some days you only do one brief session of "clamps." Doing them for too long several times a day could result in "over-training," so a brief session or two every other day is actually all you need. Remember to do these "holding Kegels" on the same day you do your clamps with a hard-on. The same goes for the following "testicle-lifting" Kegel.

It's odd but true that few males are aware of the big part their balls play when they come. Not only do your nuts manufacture the semen you spurt when you come, they also make the steroid (hormone) that makes you want to have sex in the first place. That steroid (testosterone) is responsible for making you have a beard, for building and maintaining your muscles, for making your voice sound masculine and for making you horny. Every time you even think sexy thoughts your balls begin to secrete more semen and they step up the production of testosterone. (Which is why the more sex you get, the more you want.) The following "testicle-lifting" Kegels will definitely help develop your potency while they work to make your orgasms more powerful.

Early sex researchers learned that a male simply cannot come without a certain amount of testicle elevation; when a guy's balls are hanging low and refuse to lift or "bunch-up," he is either in a state of exhaustion, he has just recently ejaculated or he is impotent.

And the opposite is correspondingly true: the male whose nuts "bunch-up" into a fist-hard knot is ready and able to come with superior force and with strong spasms of pleasure. It's your spermatic cord itself which contracts your balls into a bunched-up knot; your spermatic cord will "draw up" your balls if you're horny, frightened or chilled.

Your spermatic cord can be strengthened by doing the following kind of Kegels. This "testicle-elevation" Kegel must be performed when you are nude from the waist down (because you should observe the lifting and lowering of your testicles) and it should be done when your body is warm so that your testicular sac is relaxed and hanging somewhat low.

Stand with your feet about shoulder-width apart, lean far forward (you can lean against a table or chair), then attempt to "lift" your testicles toward your crotch by "clamping" hard like you do with your other Kegels. You may be able to only "lift" your nuts a fraction of an inch or so at first. That's fine. Within a dozen sessions or so, you will increase that beginning ability and be able to elevate your balls a half-inch or more. You want (1) to sharpen the sense of feeling in your testicles, (2) to develop control of the muscles that lift them and (3) to strengthen those muscles and the spermatic cords that attach them to the testicles.

Testicle elevation occurs automatically just before you come. It's like cocking a gun. It won't go off unless the hammer is pulled back. If your nuts don't elevate, you simply can't come. Once you've learned how to elevate them voluntarily, you can more easily set up the time and conditions for your awesome orgasms. The more your nuts elevate, the longer and more enjoyable your orgasms will become.

It's obvious that an athlete's muscles are in better condition and stronger than the ordinary guy's. If you perform these three Kegel exercises every other day for a couple of months, the "training effect" on the sphincter muscles that contract in spasms when you come will strengthen like an athlete's superior

muscles. Not only will your orgasms become really powerful, your erections will be harder and you'll have far more control to come when you want to come. Doing these three Kegel exercises every other day actually requires very little time and effort. It isn't actually necessary that you do you "weightlifting" Kegels with a hard-on more than once or twice a week.

Once your sphincter muscles are really strong, and your orgasms become more intense, you can cut back to doing these Kegels only once a week. While a female of course can't perform the "weight-lifting" Kegels, the three-second "holding" Kegel performed every other day will definitely cause her climaxes to become long-lasting and powerful. (As usual, you guys have all the advantage.)

The sphincter muscles that these Kegels develop and strengthen actually receive very little stimulation during our day-to-day lives. We only use them when we "clamp" to expel our last drops of urine, or when, for any reason, we want to suddenly stop our flow. These weak, rarely exercised muscles can only contract in a feeble fashion when we come. But when we "train" them by doing Kegels, and they develop and strengthen, they contract powerfully and convulsively when we come, thus increasing our climactic pleasure. There are literally millions of men and women who regularly perform Kegels; the vast majority contend that their climaxes are far more satisfying than the ones they achieved before.

Some males will find that they feel sensations of erotic pleasure when they do their kegels with a hard-on. The lifting and lowering of your cock that clamping causes can evoke a pulsating tickle that approaches the pleasure you feel when you pound-off. You'll notice that your balls "bunch up" tightly when you do these Kegels; this is because your spermatic cord has "lifted" them to prepare you to expel semen. Doing kegels with a hardon pays the double dividend of causing your balls to step up their secretion of both semen and testosterone. This form of Kegel may be inconvenient for you to perform at times, so don't worry if you're only able to do it once or twice a week. (This "weight lifting" Kegel is much more strenuous than the other two, so it may requite more recovery time between workouts.)

It's extremely important that you do these three different Kegels on the same day and only every other day. Even if you choose to perform only one of the three, do them every other day. It's on your rest days that your sphincter muscles and your spermatic cord strengthen (as it is with all muscular exercise). While your girlfriend or wife will only be able to do the "holding Kegels" (wherein she holds each clamp for about three seconds), you can take it from me, her orgasms will soon become as enjoyable as yours.

I'm personally convinced that there is absolutely nothing you can do that will bring about such an amazing change and improvement in your sex life as performing these simple Kegels every other day. They cost you nothing. They require only a small investment in time. The benefits will continue to "come" as long as you keep doing Kegels.

The singular reason that your orgasms will become awesome is that exercising your spermatic cord and sphincter muscles is guaranteed to strengthen them. And anyone who owns stronger-than-average sphincter muscles is going to achieve sexual orgasms that are much longer and stronger than average. You simply can't miss!

You may not notice any improvement for a couple of weeks. But then, all of a sudden, you'll begin to get off a lot harder and longer...and as you continue doing Kegels, your climaxes will become more and more convulsive.

You guys will soon find that your "testicle-lifting" Kegels have given you complete control over your ejaculations; you will be easily able to come when you want to and not prematurely. By not counting the number of your Kegels you will be performing the form of "irregular training" that authorities agree is the best way to strengthen any muscle group. The important thing is to make regular progress without over-training. Again, once your sphincter muscles and spermatic cord are strong and your orgasms are powerfully pleasurable, you can cut back to doing your Kegels once a week.

Believe me, if you love to come as much as I do, this new way of approaching Kegels is the best bet you have to win the permanent prize of really awesome orgasms. I guarantee it. **G**

Cheryl
Gent's
CLASSIC
COLLECTION

When this layout of Cheryl ran in Dec. '82, it was the second time she'd been picked as both centerfold and covergirl. It's easy to see why GENT readers would have clamored for this 40-26-36 blonde beauty's return engagement and, just as we do now, we did everything we could to please you then. And judging from the response we got to these photos 14 years ago, Cheryl could have appeared a third time as centerfold/covergirl and nobody would have complained.

PRIVATE DICK

This P.I. knew two things about his prey: the guy was a real prick—and had great taste in women. He planned to take advantage of both.

FICTION BY JAMES DAWSON

I'd been watching the motel's parking lot for half an hour, waiting for Mr. Wonderful. That's what his charming wife had called him in my office yesterday.

"His staff thinks the son of a bitch is Mr. Wonderful because he lets them underreport their sales commissions to the I.R.S.," she'd said. "He may be a great boss, but he's one lousy goddamned husband."

She was tired of his screwing around, and wanted evidence she could use to shake him down in divorce court. When she looked in the yellow pages under "Private Investigators," she picked my name because it sounded trustworthy. I had the feeling that was her way of saying it sounded WASP.

Illustration by Otis Sweat

Her name was Marleen. She may not have been much in the personality department, but she was one first-class looker. She was one of those rich broads you know must be pushing 40 but who still manages to look like she's on the very good side of 30. Money can do that.

As I listened to her bitch and moan, I couldn't help wondering if her big tits were real. She was dressed in a businesslike jacket, blouse, and skirt combination, like one of those lady lawyers you see on TV cop shows. You know, the type that you're expected to take seriously, even though she looks like a hot-to-trot bimbo who got dressed in the wrong closet.

Anyway, I'm staring at her well-rounded rack and imagining how nice it would be to plant my mouth on those big, round chest melons. They jutted out against the lapels of her jacket, making a shelf under her pretty face. Her blonde hair was long enough to fall past her shoulders and curl across the tops of her swollen tits. I liked the way those fat milkbags rose and fell when she breathed. Her blouse was buttoned up to her neck, but was sufficiently transparent to reveal the lacy tops of her bra cups.

It was hard to resist staring. Too hard. I was fantasizing about pushing those full, firm titties around my cock for a nice jug-fuck when she completely derailed my train of thought.

"The least you could do is stop paying so much attention to my chest when I'm talking to you."

I kept a straight face. "I heard every word you said. You've found Shamrock Isle motel receipts in your husband's desk, all of them for Fridays. You believe he will stick to this routine and take a woman there tomorrow afternoon. You want pictures. I can give you video, with sound, but I don't come cheap."

The truth is, I can come cheap, reasonable, or way too expensive, depending on the client. This one wasn't hurting for dough, possessed a less-than-winning personality, and probably had no idea what a P.I. should cost—so she fell in the latter category.

There also was the fact that I hated these kinds of assignments. Tracking missing persons or even doing bodyguard jobs had some integrity. Getting candid-camera fuck footage of cheating husbands was just plain sleazy.

Some days, though, sleazy is just another way of saying "money in the bank."

Marleen took a deep breath, like she was mentally counting to ten. This had the side effect of raising her tits like a pair of pontoons. "Exactly how much do you want for what will probably be less than two hours of your time?"

"Five hundred, plus expenses. And that's for tomorrow only. If he doesn't show, it's that much again if I have to go back next week for a second try."

"Ridiculous," she said, but she wrote me a check. I wondered if she'd always been so unpleasant—she was too damned gorgeous to be so miserable. Maybe that's what being married to a Mr. Wonderful does to a pretty woman.

It was 12:35 when he turned his cream-colored Mercedes into the parking lot. The babe beside him surprised me. Except for being dressed like a cheap slut, she was almost a dead ringer for the guy's wife. She had the same blonde hair, the same heart-shaped face, and the same huge tits.

Especially the same huge tits.

Don't get me wrong—this definitely wasn't the same woman. That kind of crap only happens in the movies. But she was close enough. Maybe Mr. Wonderful didn't like a lot of variety when it came to his females.

I sure couldn't criticize his taste. From the office porch, I had a good view of her while she waited in the car for him to rent the room.

Where Marleen had been dressed as if she were going to a funeral, this woman was at the opposite extreme. She wore a dog-collar necklace with a dangling red pendant shaped like a heart, and two sets of hoop earrings in each ear. Her white tube-top contrasted starkly with her smoothly tanned skin. Its top edge had ridden down enough to show the deep crack of her cleavage. I could even see the top curves of her dark pink areolae.

She clearly didn't know I was watching her behind my mirrored sunglasses, because she hooked her thumbs in the tube top's stretchy material to adjust it better on her tits. When she pulled it up, her beautiful mams bounced heavily within their crowded confines. Then she slipped a hand down inside the top, cupped her right tit, and situated it in a position that was apparently more comfortable.

Her hand lingered there inside the top. The material was tight enough that I could see what that hand was doing. She was playing with her nipple, tugging it and twisting it back and forth. She looked down to watch it stiffen under her touch. I had the feeling she was one of those women whose hormones are permanently locked in overdrive.

She looked around to see if anyone was watching. My sunglasses didn't fool her one damned bit. She knew where I was staring. But something about her expression made me think she didn't mind. I decided to keep on looking and see what happened.

She held my gaze for a beat, then turned away. To my surprise, she casually slipped her other hand into her stretchy top. Her wrists were crossed over her cleavage now, and both of her hands were full of breast flesh.

She was pretending I wasn't there. She was thoroughly enjoying herself as she put on her slutty show. Maybe that was because she knew Mr. Wonderful would kick my ass if he caught me starting when he came back to the car.

Or maybe she genuinely liked the attention. She wouldn't be the first big-titted babe who liked to tease. For women with double-D-cuppers like hers, just walking out of the house was the same thing as showing off.

She let her head fall back onto the seat's headrest and closed her eyes. Her fingers were really working her nipples now, twisting and pulling them. I felt like twisting and pulling something of my own.

The office door opened beside me. She had her hands out of her top before Mr. Wonderful even noticed what she was doing. When they drove off to another parking space she flashed me a quick smile.

I ducked my head into the motel office. "Are they in room 14?"

"Just like you wanted," said the big-bellied manager. "And I'll take that other 20 now."

I handed it to him. He stuffed it in

his pocket and went back to his Racing Form.

The loving couple had left the Mercedes and gone into room 14. I hurried into the room next door and turned on the TV that was connected to a VCR I'd brought from home. The video signal coming from the pen-sized camera I'd hidden in room 14 that morning was coming through as sharp as a cable station. I pushed the VCR's "record" button and sat back to watch the show.

There wasn't much preliminary activity, which wasn't surprising. I hadn't pegged Mr. Wonderful as a patient, caring lover who would take things slow. Instead, both of them stripped without any conversation. I had to adjust my stiffening cock when Little Miss Show-Off pulled her tube top over her head. Her big tits flopped out of the top to hang halfway down her chest. Her nipples were larger than I'd imagined. They looked like they were as big as the palms of my hands.

When she skinned down her cutoff jeans, I knew this wasn't a job I'd be able to handle with cool detachment. Usually, taping a couple fucking isn't as exciting as you'd think. A lot of them aren't much in the looks department, and seeing them paw each other gets embarrassing.

Not this time. The woman in the next room wasn't wearing panties. Her thick-lipped pussy was so neatly shaved that there wasn't a hint of stubble. The cheeks of her ass looked smooth and firm.

I undid my pants and took out my cock. Her body was perfect. I liked women who were slim and stacked, and this one filled the bill. Her narrow waist and flat belly made her tits look gigantic. Her hips flared out into two womanly curves. When she walked around the end of the bed, I could see her pink pussy lips hanging down in the diamond-shaped space between her slender thighs. The way her massive breasts swayed from side to side when she moved was deliciously lewd.

Mr. Wonderful sat on the edge of the bed. My top-heavy goddess didn't have to be told what to do. She knelt between his legs on the carpet, took the base of his cock in her small hand and opened her pretty mouth. Then she sucked him inside, bobbing her head up and down the length of his dick.

"Yeah, that's great, Debbie," he moaned, clueing me in to her name. "You really know how to suck cock, don't you? You're my pretty little cocksucker." He squeezed her tits, lifting them up and away from her body. "Put these around my cock now, baby. Fuck me with these beautiful titties."

She gave him a dirty smile and pushed her chest against his crotch. Placing his upright cock in the valley between her breasts, she pressed both of them close around it. Then she hunched up and down, fucking him with her soft tit-cunt.

I stroked my own cock in time with her movements, pretending her breasts were wrapped around my dick instead of his. She was staring up at him with an expression of pure innocence. "Do you like that?" she whispered. "Does that feel good on your big, hard cock?"

"Yeah, oh yeah," he groaned. "Let me fuck you now, honey. I've gotta have some of that pussy."

He put her on the bed. She spread her legs and drew up her knees. My hidden micro-camera was positioned at just the right angle in their dresser's lampshade to see her gaping cunt. Sucking his cock must have excited her, because her crotch was shiny and wet with pussy juice.

When he climbed on top, the camera caught his thick cock plunging in and out of her stretched-wide fuckhole. It was a perfect shot for his wife to use in court. A jury would have a hard time claiming it wasn't clear what was going on in that bed. His balls were drawn up tight. He got the most out of each thrust, pulling nearly all the way out of her cunt each time before plunging back in again.

They shifted in the bed. Now I could see Debbie's beautiful tits jiggling as he plowed her pussy. "Come on and give it to me, lover," she moaned. "Give it to me on my tits, you know that's where I like it."

He pulled out of her cunt and aimed the swollen head of his tool at her chest. Thick streams of jism spurted from its tip.

Watching her on the TV I was using as a monitor, I shot my own load onto the motel room carpet. I was squeezing my dick hard, squeezing out every drop. I wished that I was coming in her mouth; she

was incredible.

In the other room, Mr. Wonderful rolled onto his back and closed his eyes. My dream lover left the bed and walked out of camera range. I heard running water. She was apparently taking a shower.

She came back into view, drying off. "Honey, would you get me a Coke from the machine outside?" she asked. No answer. When she glanced at loverboy, I could swear that she sneered. I didn't blame her. The selfish bastard was sound asleep.

She stepped into her cut-offs, pulled her tube top down over those magnificent tits, slipped on her shoes, and got some change out of his pants pocket. I knew this was my chance.

As she walked past my room on the way to the soda machine, I fell in step behind her. She turned and looked at me. When she recognized me as the guy who had watched her play with her tits in the car, she frowned. "Are you following me?"

"Yeah. I want to do you a favor."

She looked skeptical. "Okay, I'm listening."

"Your boyfriend's wife hired me to get the dirt on who he's been fucking. I've got the two of you on videotape, from a hidden camera in your room. Things could get pretty ugly for him, and embarrassing for you."

She narrowed her eyes. "So what's the goddamned favor you had in mind? I assume it's got something to do with what you want in exchange for that tape."

"Lady, you've got me all wrong. Here."

She looked down at the videotape I was handing her. She appeared completely confused. "I don't get it."

"It's yours, no strings attached. I don't like to see a woman like you get messed up in these things. Ditch that guy and let his wife catch him with somebody else."

She looked stunned—and grateful. "Thanks, that's really...well, I mean, it's really decent of you."

"You're welcome. But that's not the favor I want to give you."

She appeared intrigued. "I'm all ears."

"If you come back to my room, I'll treat you one hell of a lot better than that bastard did. And I guarantee that I won't fall asleep after only one time."

She tried to hide a smile. She didn't appear at all embarrassed that I'd just seen her fucking. Maybe it even turned her on.

I knew she wouldn't have to think long about my offer. Mr. Wonderful didn't give her a single orgasm. Leaving a woman like this one unfulfilled is like asking her to stray.

"Let's go, before he wakes up and comes looking for me," she said.

Back in my room, I was glad I'd jerked off earlier. She was so hot that otherwise I would have come in a minute flat. I sucked and fondled her huge tits. I trailed my tongue down to her crotch and licked her creamy pussy for half an hour. Her whole body spasmed each time she came.

Then it was my turn. I tit-fucked her while she lay flat on her back. Her jugs were big enough that she could keep them pressed around my dick while she sucked my cock. Finally, I got to shove my rod into her juicy, hot cunt. Maybe it's kinky, but I was kind of turned on knowing that she had already been fucked by another guy that day.

Her tits shook and swayed under me. When I thumbed her clit and made her come again, her eyes shone with helpless lust. "You can come in my mouth, if you want," she said. "I'd love for you to come in my mouth."

Just hearing her say it made my balls tight. I quickly knee-walked to her face. She put my hard-on between her lips just as I started to gush. Her pretty mouth looked deliciously naughty as she swallowed every spurt.

I couldn't help wondering if Marleen had once been this hot and slutty. If Mr. Wonderful had crushed her sexy spirit, he deserved to be taken for every penny he had. Nymphos like this one should be a protected species.

We heard Mr. Wonderful wake up and start calling Debbie's name in the next room. After awhile, he figured out that she wasn't coming back. His tires squealed as he pulled out of the parking lot.

I was sure I could bullshit Marleen into paying me to come back next Friday and catch Mr. Wonderful with someone new. I'd just tell her I hadn't seen him at the motel today. It wouldn't really be right to take her $500. Then again, I could use the money, and Marleen could afford it.

I'd worry about the ethics of fucking her over later. Right now, it was time to get back to fucking her lookalike. G

KELLI

Join us in welcoming a new big-titted babe to the GENT fold. Living in California now, Kelli is that rarest of Filipinos—a DD-cupper. With her mammoth mams and exotic sex appeal, Kelli has become quite popular with American photographers. "I've had more offers than I can keep track of and don't know how I can fit them all in." Luckily for us, she managed to fit in our photographer and the result was this cock-stiffening array of photos.

At only five feet tall and 97 pounds, Kelli is amazed that she can compete in the modeling world with the leggy, blonde beauties she sees every day on California's beaches. "It's like every woman out here is 5'10", has no body fat and could be Pamela Lee's stand-in. I guess I've got something different going for me." That she does, and we hope we see this unique 44-24-34 titter again very, very soon!

SUMMER

Over the years we've featured countless female couplings. In many instances, the ladies featured were simply there to do a modeling job and then got into the sexually charged spirit of the moment, and we'd get to capture it all on film.

What separates brunette Summer Cummings (5'5", 115 pounds, 46-25-36) and Skye Blue (5'2", 120 pounds, 42-24-36) from the pack is that they are real-life lovers.

We kid you not.

This passionate pair sample each other's bulbous boobs and moist pussies on a nightly basis in the Las Vegas apartment they share. Of course, as exotic dancers, they travel extensively and do so together whenever possible.

But on this day, rather than face the rigors of the road, they figured they'd do for our cameras what they do in the privacy of their own home—namely suck and dove-fuck until they're ready to drop.

Before they get to the sucking and dove-fucking, they treat each other (and us) to some incredibly arousing fore-

AND SKYE

play. So well-acquainted are they with each other's erogenous zones that it takes little prodding—a nipple suck here, a clitty lick there—before they're each panting in a pre-orgasmic frenzy.

Making deliciously decadent use of some warm baby oil, the pair ravish one another. Rather than there being a leader and a follower, their lovemaking flows. Each takes her rightful turn on top, on bottom...and any which way she can.

The result of all this wanton foreplay is a pair of overheated pussies that desperately need orgasmic relief. As only practiced, familiar lovers can, Summer and Skye expertly elicit convulsive orgasms from the other.

Before continuing their torrid tryst, the lovers cuddle tenderly and assure the other, *yes, sweetie, that was wonderful, you were great!*

Though hearing it from us isn't necessary, we just want them to know we concur—you were both great!

If dark-haired Summer Cummings
and Skye Blue look like they're
enjoying each other a little more
than most of our lezzie couples,
there's a reason:
they're real-life lovers!
